The employers who submit the trade registry offices the number of insurance holders to be employed and their employment dates at the establishment stage of the company shall be deemed to have made such notifications to the Institution. Trade registry offices are obliged to notify the Institution about such notifications submitted to them, within maximum ten days.

In cases where the companies subject to the provisions of Turkish Trade Law Number 6762 of 29/6/1956 change their types, merge or partakes in another company, the date of announcement of these issues regarding the registration in the trade registry should be communicated to the Institution, together with the workplace notification, and in case of admitting a new partner in the ordinary companies, within maximum ten days following the accession of the new partner.

In case the workplace is moved to an address in a province other than the province where the workplace is active or the business or workplace where insurance holders are employed is transferred to or succeeded by another employer, the new employer is obliged to notify the Institution about the transfer of the workplace within ten days following the transfer of the business or workplace, or in case the workplace is transferred through inheritance, then the inheritors are obliged to do the same within maximum three months following the date of death. In case the workplace is moved to another address which is included in the area of duty of another unit of the Institution within the same province, then communicating the address change in written shall be sufficient. The insurance rights and obligations of the insurance holders working at such workplaces shall continue.

Governor's offices, municipalities and other public or private legal entities authorized to grant licenses are obliged to inform the Institution about information and documents regarding construction permits and all other licenses or transactions similar to the qualities of a license and, if any, information regarding the employment which constitute a basis for granting such, within maximum one month following the date of issue.

Administrative fine shall be applied in accordance with item (b) of paragraph one of Article 102 for who do not fulfil the obligations stipulated in this Article. Administrative fine application shall not hinder fulfilling such obligations.

The sub - employer shall notify the insurance holders employed at the workplace of the main employer from the file in which the main employer is registered, with a special number to be issued by the Institution, provided that the contract entered with the employer is presented.

Not or late submission of the workplace notification shall not abolish the rights and obligations laid down in this Law. Procedures and principles regarding the execution of this Article and the format and content of the workplace notification shall be regulated by the regulations to be issued by the Institution.

Employer, employer's agent, employer of a temporary business relationship and sub - employer

ARTICLE 12 - Real and legal persons or institutions and organizations not having a legal personality, which employ individuals deemed to be insurance holders in accordance with items (a) and (c) of paragraph one of Article 4, are employers.

The person who carries out the entire management duty of the business or the provided service, on the name and account of the employer, is the employer's agent. For the purposes of this Law, the term employer shall also cover the employer's agent. The employer's agent and employers of temporary business relationship defined in Labour Law number 4857 shall be collectively and jointly responsible with the employer for the indicated obligations.

The obligations of the employers stipulated in this law shall be fulfilled by the labour unions and confederations or the employer for the individuals subject to item (a) of the second paragraph of Article 4, and by the public administration or schools in which they receive education for the individuals subject to paragraph four of Article 4. ⁽¹⁾

For the individuals employed pursuant to Law number 4081 on Protection of Farmer Properties of 2/7/1941, the employer obligations stipulated in this Law shall be fulfilled by the authority competent to employ such individuals.

Employers of convicts and arrested individuals who are employed in facilities, workshops and similar units established in the sentence execution institutions and detention houses is the Sentence Execution Institutions and Detention Houses Work Houses Institution, and the employer's agents are the responsible directors or chief administrators of the Sentence Execution Institutions and Detention Houses Work Houses Institution.

The third person, who takes work from an employer and employs the insurance holders charged with duty for such work, at a business or a part or addition of a business, in the goods or service production carried out at the workplace, is called sub - employer. The insurance holders, even if they are employed with the mediation of a third person and entered into contract with them, are responsible together with the sub - employer for the obligations this Law charges on the employer.

(1) *The term "third" present in Article 65 and third paragraph of Article 12 of Law Number 5754 of 17/4/2008 is amended as "fourth", the term "and confederations" was appended following the term "labour unions" in Article 66 of the same Law, and the amendments are applied to the text.*

PART THREE ⁽¹⁾

Provisions of Short Term Insurance to which Insurance Holders Working on Service Contract or Working on behalf of Their Own Names and Accounts are Subject

Definition, notification and investigation of work accident

ARTICLE 13 - Work accident is the incident which occurs;

- a) when the insurance holder is at the workplace,
- b) **(Amended: 17/4/2008 - 5754/8th Art.)** due to the work carried out by the employer or by the insurance holder if he/she is working on behalf of own name and account,
- c) for an insurance holder working under an employer, at times when he/she is not carrying out his/her main work due to the reason that he/she is sent on duty to another place out of the workplace,
- d) **(Amended: 17/4/2008 - 5754/8th Art.)** for a nursing female insurance holder under item (a) of paragraph one of Article 4 of this Law, at times allocated for nursing her child as per labour legislation,
- e) during insurance holder's going to or coming from the place, where the work is carried out, on a vehicle provided by the employer, and which causes, immediate or delayed, physical or mental handicap in the insurance holder.

The work accident should be communicated;

- a) by the employer employing the insurance holders under item (a) of paragraph one of Article 4 and Article 5, immediately to the authorized police forces of that location and within maximum three workdays following the accident to the Institution,
- b) by the insurance holder himself/herself under item (b), within three workdays following the date on which his/her discomfort does not hinder to make notification but not later than one month,
- c) **(Abrogated: 17/4/2008 - 5754/8th Art.)**

(Amended paragraph: 17/4/2008 - 5754/8th Art.) with a work accident or occupational disease, directly or via registered mail, to the Institution. The time period stated in item (a) of this paragraph shall commence following the date of being informed about the work accident, in case the work accident takes place at places out of employer's control.

In order to reach to a decision whether to consider the incident notified to the Institution is a work accident or not, an investigation may be carried out, if necessary, by the officers of the Institution authorized with inspection and control or by the labour inspectors of the Ministry. If, at the end of such investigation, it is found out that the issues notified in written are not true and that the incident is not a work accident, then the payments made for this incident found by the Institution to be inappropriate shall be collected in accordance with the provision of Article 96, starting from the date of payment, from the parties who submitted false notification.

Format and content of the work accident and occupational disease report, the method for submitting the report, and other procedures and principles for the execution of this Article shall be regulated by the regulations to be issued by the Institution.

Definition, notification and investigation of occupational disease

ARTICLE 14 - Occupational disease refer to the temporary or permanent disease, physical or mental handicapped status, caused by a reason reiterated due to the quality of the work made or worked by the insurance holder or by the working conditions.

(1) *The title of this part was "Short Term Insurance Provisions"; however it is amended by Article 65 of Law Number 5754 of 17/4/2008 as applied in the text.*

It is obligatory to determine that an occupational disease is developed in the insurance holder by the Institution's Health Committee after;

- a) examining the health committee report, and the medical documents the report is based on, prepared duly by the providers of healthcare services authorized by the Institution,
- b) if found necessary by the Institution, examining the inspection reports, and other necessary documents, which show the working conditions at the workplace and the medical consequences based on this.

Where the occupational disease develops after quitting the work and is caused by the work in which the individual has worked as an insurance holder, for the insurance holder to use the rights provided in this Law, it is a must that a time period stated in the regulation to be issued by the Institution for this disease should not have passed between the actual quitting of the work and the occurrence of the disease. Individuals in such situation can apply to the Institution with necessary documents. In cases where any occupational disease is determined via clinical and laboratory findings and the leading factor is found at the end of the examination carried out at the workplace, even if the liability period in the occupational diseases list is exceeded, the said disease may be considered as an occupational disease, upon application of the Institution or the concerned individual and upon approval of the Social Security Health High Committee.

The occupational disease should be communicated;

- a) by the employer, who learns or is informed that a occupational disease has developed in the insurance holder for insurance holders in item (a) of paragraph one of Article 4 and Article 5, ⁽¹⁾
- b) by the insurance holder himself/herself for insurance holders under item (b) of paragraph one of Article 4,

within three workdays starting from the date of being informed of such a situation, to the Institution, with a work accident or occupational disease notification. The expenses made by the Institution for such a situation or temporary incapacity payments, if paid, shall be revoked from the employer or the insurance holder under item (b) of paragraph one of Article 4, who does not fulfil such obligation or who has deliberately notified the written issues in a missing or false manner.

It is possible to carry out necessary investigations on notifications about occupational disease by the officers of the Institution authorized with inspection and control or by the labour inspectors of the Ministry.

Which situations will be considered as occupational disease, the format and content of the work accident and occupational disease report, the method for submitting the report, and other procedures and principles for the execution of this Article shall be regulated by the regulations to be issued by the Institution. Disputes that may arise on whether to consider a disease other than the diseases listed in the regulation as an occupational disease shall be decided on by the Social Insurance Health High Committee.

Sickness and maternity status

ARTICLE 15 - (Amended: 17/4/2008 - 5754/9th Art.)

Sicknesses of the insurance holder under items (a) and (b) of paragraph one of Article 4, other than work accident or occupational disease and which causes the incapacity to work in the individual are sickness statuses.

Sickness and invalidity statuses of a female insurance holder or spouse of a male insurance holder under items (a) and (b) of paragraph one of Article 4, a female who receives income or pension due to her own works or spouse of a male insurance holder who receives pension, related with the pregnancy or maternity status, starting from the date of pregnancy up to the first eight weeks or, in case of multi delivery, up to the first ten weeks following delivery, shall be considered as maternity status.

(1) The term "items (a) and (c)" in Article 65 and in this paragraph of Law Number 5754 of 17/4/2008 is amended as "item (a)" and is applied to the text.

Rights provided from work accident, occupational disease, sickness and maternity insurance ⁽¹⁾

ARTICLE 16 - (Amended: 17/4/2008 - 5754/10th Art.)

Following are the rights provided by work accident or occupational disease insurance:

- a) Giving daily temporary incapacity allowance to the insurance holder during the period of temporary incapacity to work.
- b) Putting the insurance holder on permanent incapacity income.
- c) Putting on income the right holders of the insurance holder who died due to work accident or occupational disease.
- d) Giving marriage bonuses to female children who were put on income.
- e) Giving funeral benefit for the insurance holder died of work accident or occupational disease.

Daily temporary incapacity allowance shall be given to the insurance holder, during the temporary incapacity period arising due to sickness or maternity statuses, from the sickness and maternity insurance.

Nursing benefit applicable by the date of delivery, over the tariff determined by the Board of Directors of the Institution and approved by the Minister, shall be payable from the maternity insurance to the female insurance holder or to the male insurance holder due to his not insured spouse giving birth, and, among the insurance holders under item (a) and (b) of paragraph one of Article 4 of this Law, to the female insurance holder receiving income or pension or to the spouse of male insurance holder receiving income or pension due to own works, for each newborn, provided that the newborn lives.

In order to pay nursing benefit to a female insurance holder or to male insurance holder due to his spouse giving birth;

- a) for the individuals under item (a) of paragraph one of Article 4, notifying the minimum 120 days short term insurance branches premium within one year before the birth,
- b) for individuals under item (b) of paragraph one of Article 4, depositing minimum 120 days short term insurance branches premium within one year before the birth and paying any kind of debts related with premiums, are obligatory.

If, among the insurance holders who are granted with the right to receive nursing benefit, the individuals whose insurance status is terminated as per Article 9 have children within three hundred days starting from this date, then female insurance holder or male insurance holder whose spouse will benefit from maternity insurance shall receive nursing benefit, provided that minimum 120 days premium is paid within fifteen months before the date of birth.

Daily earning to be held subject to benefits and incomes ⁽²⁾

ARTICLE 17 - Daily earning to be used as basis in the calculation of benefits or income to be granted in cases of sickness or maternity shall be calculated by dividing the sum of earnings subject to premium to be calculated pursuant to Article 80 in the last three months in twelve months before the date of work accident or birth or, in case of occupational disease or sickness, the date on which the temporary incapacity starts, divided by the number of days of paid premiums subject to such earnings.
(Abrogated final sentence: 17/4/2008 - 5754/67th Art.)

If an insurance holder, who did not work in the twelve - month period and did not receive wage, suffer from temporary incapacity due to work accident or occupational disease in the month he/she starts to work, then the daily earning used as basis in the calculation of benefits or income to be granted shall be calculated by the sum of earnings subject to premium obtained between the date of starting to work and the starting date of temporary incapacity, divided by the number of days worked, and if such person suffers from work accident as of the starting date of work, then the daily earning of an insurance holder working in the same or equivalent work shall be used.

In the calculation of the daily earnings used for benefit or income of individuals deemed to be insurance holders due to item (a) of paragraph one of Article 4:

a) If the premiums, bonuses or similar temporary payments are considered, then the daily earning to be used in benefits and income shall not be greater than the amount found by adding 50% to the daily earning to be calculated by dividing the wage total to the number of days of receiving wage.

b) Among the wages, bonuses, increments, compensations and payments of similar quality made in accordance with the decision reached by the administration or legal authorities, the ones related with the period of last three months used as basis in benefit and income calculation shall not be considered.

(1) *The title of this Article was "Rights granted in cases of work accident, occupational disease, sickness and maternity"; however it is amended with Article 10 of Law Number 5754 of 17/4/2008 as applied to the text.*

(2) *The term "number of premium days" in paragraph one of this Article was amended as "number of paid premium days" and the term "items (a) and (c)" in paragraph three was amended as "item (a)" with Article 65 of Law Number 5754 of 17/4/2008 and the amendments are applied to the text.*

If the occupational disease occurred within one year following the date of the insurance holder quitted the work he/she worked under insurance, then his/her daily earning shall be calculated using the date he/she quitted from this last work, in accordance with the above paragraphs.

Monthly earning to be used in the income payable from the work accident and occupational disease insurance shall be thirty times the daily earning to be calculated in accordance with the above provisions.

Benefit for temporary incapacity

ARTICLE 18 - Provided that rest report is granted by medical doctor or health committees authorized by the Institution;

a) each day for an insurance holder suffering from temporary incapacity due to work accident or occupational disease,

b) **(Amended: 17/4/2008 - 5754/11th Art.)** In case, among the insurance holders under item (a) of paragraph one of Article 4 and Article 5, the individuals who are subject to sickness insurance, suffer from temporary incapacity due to sickness, each day starting from the third day of the temporary incapacity, provided that minimum ninety short term insurance premium is notified within one year before the starting date of the temporary incapacity,

c) **(Amended: 17/4/2008 - 5754/11th Art.)** In case of maternity of headmen stated in item (a) and (b) of paragraph one of Article 4 and female insurance holders under numbers (1), (2) and (4) of the same item, each day of not working including eight - week periods before and after birth and, in cases of multi birth, adding another two weeks to the said eight weeks before the birth, provided that minimum ninety days short term insurance premium is notified within one year before the birth,

d) **(Amended: 17/4/2008 - 5754/11th Art.)** In case the insurance holder works until three weeks before the birth, upon request of headmen stated in item (a) and (b) of paragraph one of Article 4 and female insurance holders under numbers (1), (2) and (4) of the same item and with the consent of medical doctor, for the periods added to the rest period after birth,

a benefit for temporary incapacity shall be payable.

(Amended second paragraph: 17/4/2008 - 5754/11th Art.) In cases of work accident or occupational disease or maternity, temporary incapacity benefit shall be paid to the individuals deemed to be insurance holders under item (b) of paragraph one of Article 4, during the period of inpatient treatment or the period of rest report granted due to such treatment or after inpatient

treatment, provided that any kind of premiums or debts related with premiums, including universal health insurance, are paid. However, the condition of inpatient treatment is not sought for temporary incapacity payment for period not worked before or after birth in accordance with item (c) of paragraph one of this Article.

(Amended third paragraph: 17/4/2008 - 5754/11th Art.) The temporary incapacity benefit payable in cases of work accident, occupational disease, sickness, and maternity of female insurance holders, shall be half of the daily earning to be calculated as per Article 17 in inpatient treatments and two thirds of the same in outpatient treatments.

In cases of changes in the lower limits of the daily earnings to be used in the calculation of insurance premiums and benefits, such benefits of the individuals who are receiving, or has or will be granted the right to receive, a daily earning under the re-determined lower limit shall be payable according to the changed daily earning lower limit, starting from the effective date of the changes in lower limit of daily earnings.

Where an insurance holder suffers from more than one of the cases of work accident, occupational disease, sickness and maternity, temporary incapacity benefit shall be payable at the highest level.

Temporary incapacity benefits may be collected by a payment made by the employers of workplaces of collective labour agreement or of public administrations, to the insurance holders, on behalf of the Institution, based on procedures and principles determined by the Institution, and by mutual setting - off records.

Payment term of temporary incapacity benefits and other procedures and principles on the implementation of this Article shall be regulated by a regulation to be issued by the Institution.

Qualification to, calculation and start of permanent incapacity income, and cases of more than one work accident and occupational disease

ARTICLE 19 - (Amended first paragraph: 17/4/2008 - 5754/12th Art.) The insurance holder, whose earning power in the profession, due to the disease or disabilities caused by work accident or occupational disease, is determined to be reduced by 10% by the Institution's Health Committee based on reports issued by the health committees of health - care service providers authorized by the Institution, shall be qualified for permanent incapacity income.

In case the insurance holder who is put on permanent incapacity income is re - treated, the rate of losing earning power in profession shall be re - determined based on reports to be issued by the health committees stated in paragraph one.

Permanent incapacity income shall be calculated based on the rate of losing earning power in profession of the insurance holder. In case of permanent full incapacity the insurance holder is put on an income 70% of the monthly earning calculated in accordance with Article 17. Income to be granted to the insurance holder in case of permanent partial incapacity shall be calculated as full incapacity income and of this total, the amount corresponding the degree of incapacity shall be payable. Where the insurance holder is need of permanent care of another person, the insurance holder shall be put on 100% income.

In order to put on the individuals, who are deemed to be insurance holder as per item (b) of paragraph one of Article 4, on permanent incapacity income, it is obligatory that the entire premium or any kind of debts related premiums, including the universal health insurance, should be paid.⁽¹⁾

(Abrogated fifth paragraph: 17/4/2008 - 5754/12th Art.)

(Abrogated sixth paragraph: 17/4/2008 - 5754/12th Art.)

Income calculated in accordance with the above paragraphs shall be determined by increasing in accordance with the provision of second paragraph of Article 55 between the last month in the daily earning calculation and the starting date of income.

The permanent incapacity income of the insurance holder shall start at the beginning of the month following:

- a) the date on which temporary incapacity benefit ends,
- b) the date of health committee report if permanent incapacity case occurs without determining temporary incapacity.

(1) *The term "premium and any kind of debt" present in this paragraph was amended with Article 12 of Law Number 5754 of 17/4/2008 as "premium and every kind of debts related with premium" and is applied to the text.*

The difference between one day incapacity benefit to be calculated from the date of written request in accordance with Article 18 and one thirtieth of the monthly permanent incapacity benefit shall be payable as temporary incapacity benefit to the individuals, to whom rest report is issued due to same invalidity or occupational disease, among the insurance holders put on permanent incapacity income.

Where the insurance holder suffers again from a work accident or a occupational disease, considering the entire disabilities he/she suffers, an income is calculated for such individual over the earning during his/her last work accident or occupational disease which caused permanent incapacity. However, if the income to be determined based on daily income of the insurance holder during the last work accident or occupational disease is less than his/her first calculated income, then permanent incapacity income of the insurance holder shall be payable over the first earning.

Other procedures and principles on determining the rate of loss in earning power in profession in cases of permanent incapacity due to work accident or occupational disease and on the execution of this article shall be regulated by a regulation to be issued by the Institution.

Putting right holders on income, marriage and funeral benefits

ARTICLE 20 - The survivors of the insurance holder, who has died due to work accident or occupational disease, shall be put on income at a rate of 70% of the monthly earning to be determining as per Article 17, in accordance with provisions of Article 34, after updating pursuant to paragraph two of Article 55.

For insurance holders who die with the permanent incapacity income due to losing 50% or more of the earning power in profession as a result of work accident or occupational disease, the right holders shall be put on income, in accordance with the provisions of Article 34, at an amount determined as per paragraph one, without considering whether the death is connected with work accident or occupational disease.

For insurance holders who die with the permanent incapacity income due to losing less than 50% of the earning power in profession as a result of work accident or occupational disease, the right holders shall be put on income, in accordance with the provisions of Article 34, at an amount of permanent incapacity income which the insurance holder was receiving due to work accident or occupational disease.

In order to put on the right holders of individuals who are deemed to be insurance holder as per item (b) of paragraph one of Article 4 on income, it is obligatory that the entire premium or any kind of debts related premiums, including the universal health insurance, should be paid.⁽¹⁾

Article 34 and 35 shall be applicable to the start, termination and re - start of income.

Right owners shall receive funeral and marriage benefit in accordance with the provisions of Article 37.

Responsibility of employer and third parties in terms of work accident and occupational disease and sickness

ARTICLE 21 - If a work accident or occupational disease occurred due to employer's intention or insurance holder's action contrary to the legislation on protection of health and labour safety, then the sum of payments which are and will be made by the Institution to the insurance holder or right holders and the first advance capital value as of the starting date of granted income shall be collected by the Institution from the employer, limited with the amounts that the insurance holder or right holders may request from the employer. The principle of inevitability shall be considered in determining the responsibility of the employer.

(1)

The term "premium and any kind of debt" present in this paragraph was amended with Article 65 of Law Number 5754 of 17/4/2008 as "premium and every kind of debts related with premium" and is applied to the text.

In case the work accident is communicated by the employer to the Institution within the period stipulated in item (a) of paragraph two of Article 13, the temporary incapacity benefit payable to the insurance holder for the period up to the date of notification shall be collected from the employer by the Institution.

In works where obtaining health certificate is stipulated in the labour legislation, the temporary incapacity benefit, payable by the Institution to the insurance holder due to a disease which is determined to be present before being employed for such work or is caused by employing an insurance holder, who is employed for a work without based on such a report or contrary to the issued report, for a work to which he/she is not physically suitable, shall be paid by the employer.

If a work accident, occupational disease or sickness is caused due to a fault of a third party, then payments which are or will be made to the insurance holder or right holders and half of the first advance capital value as of the starting date of the income, shall be revoked to the third parties causing the damage or to the employers of such third parties, if they have any faults.

If a work accident, occupational disease or sickness is caused by the actions of public servants, privates and enlisted specialists, and other individuals charged with duty by the public administrations due to their duties, excluding the ones who have finalized conviction due to such actions, the payments or income paid to the insurance holder or right holders shall not be revoked to the institution or concerned parties. In addition, in cases of death due to work accident or occupational disease, the income or benefits to be granted to the right holders as per this Law shall not be revoked by the Institution to the right holders who have fault in the occurrence of work accident or occupational disease or to the right holders of the deceased faulty insurance holder who deceased due to work accident.

Extension of treatment period, increase in incapacity due to reasons caused by insurance holder

ARTICLE 22 - In cases where the insurance holder suffers from work accident or occupational disease, or his/her incapacity degree increases due to the abovementioned reasons, the temporary incapacity benefit or permanent incapacity income;

a) shall be reduced by one fourth by the Institution, based on the extended treatment period or increased incapacity rate, in case the treatment period is extended or incapacity rate is increased due to insurance holder not observing the measures and recommendations of medical doctor because of work accident, occupational disease, sickness and maternity, excluding the individuals who do not have criminal responsibility and who have an acceptable excuse.

b) shall be reduced by one thirds by the Institution, based on the degree of fault of the insurance holder suffering from occupational disease or sickness, excluding the ones who do not have criminal responsibility.

c) shall be paid in half to the insurance holder who suffer from work accident, occupational disease or sickness due to his/her intentional action and who do not accept the proposed treatment.

d) Temporary incapacity benefit shall not be payable to an insurance holder, who starts working without receiving a certificate from the medical doctor applying the treatment, stating that the treatment is over and that he/she can work, the paid benefits shall be refunded pursuant to the provisions of Article 96, starting from the date of inappropriate payment.

In case the work accident is not notified to the Institution by the persons stated in item (b) of paragraph two of Article 13 within the time period stated in the same item, the incapacity benefits payable to the insurance holder shall be paid as of the date of notification.

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Responsibility arising from the insurance status not notified in time

ARTICLE 23 - In case the insurance holder does not notify the Institution within due time, with an insurance holder employment notification, that he/she started to work, the income and benefits payable to the concerned parties due to cases of work accident, occupational disease, sickness and maternity, occurring before the date of late notification or the date on which the Institution determines that the insurance holder is employed, shall be payable by the Institution.

The abovementioned cases, the amount of any kind of expenses required to be will be made by the Institution and, if income is granted, the amount of first advance capital value as of the starting date of income, shall be collected separately from the employer, without seeking the cases of responsibility indicated in paragraph one of Article 21.

The income and benefits of the concerned parties due to cases of work accident, occupational disease and maternity occurring within the time during which notification is not made shall not be payable to the individuals who, although is an insurance holder under item (b) of paragraph one of Article 4, does not make notification within due time indicated in paragraph three of Article 8. ⁽¹⁾

Time periods not considered in short term insurance branches

ARTICLE 24 - In terms of short term insurance branches;

- a) service period passed at military of the insurance holder who was called to arms for any reason,
- b) period of arrest which is not concluded in conviction,
- c) the period of incapacity of the insurance holder who receives temporary incapacity benefit from work accident, occupational disease, sickness and maternity insurances,
- d) time which pass during the participation of the insurance holder to a strike or the lockout of employer,

shall neither be included in the work periods stated in Article 18 nor shall be considered in the calculation of one year before the date the incapacity or sickness is found or the date of birth.

PART FOUR
Long Term Insurance Provisions

Considering as disabled

ARTICLE 25 - (Amended: 17/4/2008 - 5754/13th Art.)

The insurance holder, who is determined by the Institutions Health Committee to have lost working power or minimum 60% of the earning power in profession due to work accident or occupational disease for insurance holders under items (a) and (b) under paragraph one of Article 4 and to have lost minimum 60% of the earning power in profession or at a degree which does not allow him/her to carry out his/her duties for the insurance holders under item (c), as a result of examining the reports and the medical documents the report is based on, prepared duly by the providers of healthcare services authorized by the Institution, upon request of the insurance holder or the employer, shall be deemed to be disabled.

(1) *With Article 65 of Law Number 5754 of 17/65/2008, the expression "fourth paragraph" present in this paragraph is amended as "third paragraph", the expression "sickness and maternity" is amended as "maternity", and the amendments are applied to the text.*

However, if it is determined in advance or afterwards that the insurance holder has lost 60% of the working power or earning power in profession at a degree not to allow him/her to carry out his/her duties before the date of first start to work under insurance, then the insurance holder shall not benefit from invalidity pension due to such disease or handicap.

The provisions on invalidity insurance shall not be applied for such diseases or handicaps to individuals who become disabled in the period under arms without terminating their connection with their duties as reserved officers or privates or due to drill, manoeuvre, mobilization or war and whose invalidity does not hinder their original duties or works.

In case the insurance holders under item (c) of paragraph one of Article 4 request in written, such individuals shall be deemed to be resigned, by assigning to other duties or classes where their disability does not cause any hindrance, without applying the provisions of this article. Even after deemed to be resigned, their right of requesting the application of the provisions of this Law is preserved. However, among the individuals who have the possibility of transferring to another duty or class, the ones who are subject to obligatory period pursuant to special laws cannot not utilize this right unless they fulfil their obligatory period or unless they again take a duly issued report stating that their disability hinders their new duties.

Among the insurance holders under item (c) of paragraph one of Article 4, the ones who suffer from sickness at a degree not to carry out their duties shall be deemed to be disabled or, pursuant to the provisions of Article 47, duty disabled, depending on the nature of their sickness or the reason of occurrence, if their sickness persists longer than the periods laid down in laws.

The provisions on sick leave of the Law number 657 on Public Servants shall be applicable on the sickness period to be considered for deemed them to be disabled due to sickness, for the insurance holders who are under item (c) of paragraph one of Article 4 and who not subject to personnel laws, until their special laws are enacted. If the sickness cured before the periods laid down in laws relapses within maximum one year, then a transaction shall be carried out by joining the former and new sickness periods.

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Rights granted from invalidity insurance and conditions to benefit

ARTICLE 26 - The right granted from invalidity insurance to insurance holders is to put on invalidity pension.

In order to put an insurance holder on invalidity pension, the insurance holder should;

- a) be deemed to be disabled as per Article 25,
- b) **(Amended: 17/4/2008 - 5754/14th Art.)** be holding insurance for a period of minimum ten years and should have paid totally 1800 days or in case the insurance holder is disabled to the extent of being in need of permanent care of another person, should have notified 1800 days of invalidity, old - age or survivors insurance premiums, without seeking any period for holding insurance,
- c) have submitted a written request to the Institution after quitting the work he/she was working under insurance or closed or transferred the workplace due to his/her invalidity,

However, it is obligatory that the individuals who are deemed to be insurance holder as per item (b) of paragraph one of Article 4 should have paid entire premiums or any kind of debts related with premiums, including the universal health insurance. ⁽¹⁾

Calculation, start, termination and re - start of invalidity pension

ARTICLE 27 - **(Amended: 17/4/2008 - 5754/15th Art.)**

The invalidity pension, for the insurance holders with the number of premium days less than 9000 shall be calculated over 9000 days, and for the ones with the number of premium days equal to or greater than 9000 days shall be calculated over the number of paid premium days, in accordance with the provisions of Article 29. If the insurance holder is in need of permanent care of another person, then the replacement rate shall be increased by 10 points. However, the 9000 premium days shall be applied as 7200 premium days for the insurance holders under item (a) of paragraph one of Article 4.

For the insurance holders under items (a) and (b) of paragraph one of Article 4 and the individuals, who, when insured under item (c), quitted their duties and did not work subject to another insurance status, the invalidity pension shall start at the beginning of the month following;

- a) the date of written request, if the date of report used as basis for disability is before the date of written request,
- b) the date of report, if the date of report used as basis for disability is after the date of written request,
- c) the date of quitting duty due to disability, for individuals working under item (c) of paragraph one of Article 4,

The invalidity pensions of individuals, who start to work pursuant to this Law or to the legislation of a foreign country when receiving invalidity pension, shall be terminated at the beginning of the payment period following the date of starting to work and premium for short and long term insurance branches and for universal health insurance shall be collected, pursuant to Article 81, over their premium based earnings determined as per Article 80 during the period they work under this Law. For the individuals among the abovementioned, who quit work and submit written request for re - asking for invalidity pension or who retires or is sent to pension, the invalidity pension is re - calculated starting from the period following the date of quitting work if they are working under item (c) of paragraph one of Article 4 or the date of request for others, provided that they are examined for control and that their invalidity in the previous pension persists.

For such individuals, if the days of paid premiums to be used in the first invalidity pension;

a) is greater than 9000, then the pensions shall be calculated applying the provisions of item (a) of paragraph three of Article 30.

(1) *The term "premium and any kind of debt" present in this paragraph was amended with Article 14 of Law Number 5754 of 17/4/2008 as "premium and every kind of debts related with premium" and is applied to the text.*

b) less than 9000 days, then the pension shall consist of the sum of the part proportional to the number of days of paid premiums before and after retirement of the amount calculated as of the starting date of pension and the partial pension of the work after retirement, by applying the increments made to the pensions after terminating the former pension. Partial pension for the post - retirement work shall be equal to total of pre - and post - retirement premium days and to the part of the pension calculated over the earnings used in premiums of the post - retirement work as per paragraph one of this Article, in proportion to the number of post - retirement paid premium days. The new pension cannot be under the amount found by applying the increments made on the pension after the termination of the former pension.

9000 premium days, mentioned in items (a) and (b) above, shall be applied as 7200 days for the individuals deemed to be insurance holders under item (a) of paragraph one of Article 4.

Rights granted from old - age insurance and conditions to benefit

ARTICLE 28 - Following are the rights granted from the old - age insurance to the insurance holder:

- a) Putting on old - age pension.
- b) Making single payment.

(Amended second paragraph: 17/4/2008 - 5754/16th Art.) For the individuals who are deemed to be insurance holder with this Law for the first time;

a) old - age pension shall be granted provided that the individual is over 58 if the individual is female or over 60 if the individual is male and that minimum 9000 days of invalidity, old - age and survivors insurance premiums are notified. However, the number of premium days condition shall be applied as 7200 premium days for the insurance holders under item (a) of paragraph one of Article 4.

b) The age condition stated in item (a);

- 3) shall be applied as 61 for females, 63 for males between 1/1/2040 and 31/12/2041,
- 4) shall be applied as 62 for females, 64 for males between 1/1/2042 and 31/12/2043,
- 5) shall be applied as 63 for females, 65 for males between 1/1/2044 and 31/12/2045,
- 6) shall be applied as 64 for females, 65 for males between 1/1/2046 and 31/12/2047,

7) shall be applied as 65 for both females and males as of 1/1/2048.

However, age limits applicable on the date on which the number of premium days stipulated in item (a) is completed shall be used in applying the age limits.

Insurance holders may benefit from old - age pension, provided adding three years is added to the age limits in items (a) and (b) but not exceeding the age of 65 and that minimum 5400 days of invalidity, old - age and survivors insurance premiums are notified on behalf of them.⁽¹⁾

The insurance holders, who has an sickness or invalidity to the extent requiring to be deemed to be disabled as per paragraph two of Article 25 before the starting to work for the first time and therefore cannot benefit from the invalidity pension, shall be put on invalidity pension, provided that they are insurance holders for a minimum of fifteen years and that minimum 3960 days of invalidity, old - age and survivors insurance premiums are notified.

(1) *With Article 16 of Law Number 5754 of 17/4/2008, the term "not exceeding the age of 65" is added after the term "age limits" present in this paragraph and is applied to the text.*

Based on the examination of reports and the medical documents the report is based on, prepared duly by the providers of healthcare services authorized by the Institution, the insurance holders whose rate of loss in working power is found by the Institution Health Committee to be;

a) between 50% and 59%, shall have the right to receive old - age pension, without seeking the condition in item (a) of paragraph two, provided that they are insurance holders for a minimum of 16 years and have notified 4320 days,

b) between 40% and 49%, shall have the right to receive old - age pension, without seeking the condition in item (a) of paragraph two, provided that they are insurance holders for a minimum of 18 years and have notified 4680 days,

of invalidity, old - age and survivors insurance premiums. These may be held subject to control examination pursuant to the provisions of Article 94.

The age limit stipulated in paragraph two shall be applied as 55 for the insurance holders who continuously or in rotations at underground works of mining workplaces determined by the Ministry.

Insurance holders, who have passed the age of 55 and are determined to suffer from premature aging, shall benefit from old - age pension, provided that they fulfil conditions other than age.⁽¹⁾

(Appended paragraph: 17/4/2008 - 5754/16th Art.) One fourth of the paid premium days after the enactment of this Law of the ones, among the female insurance holders who request to be put on retirement or old - age pension, who have disabled child to the extent of being in need of permanent care of another person, shall be added to the sum of number of premium payment days and these added periods shall be subtracted from the retirement age limits.

(Amended eighth paragraph: 17/4/2008 - 5754/16th Art.) In order to benefit from the old - age pensions mentioned in the above paragraphs, it is obligatory to terminate the connection of the insurance holders indicated in item (a) of paragraph one of Article 4 after quitting the work he/she was working at, of the insurance holders indicated in item (b) after submitting a written request following declaring whether to end the activity subject to insurance, and of insurance holders indicated in item (c) of first paragraph of Article 4 after taking approval from the competent authority to transfer to retirement upon their requests. In order to put the insurance holders stated in item (b) of paragraph one of Article 4 on old - age pension, it is also obligatory that they should not have premiums or any kind debts related with premiums due to his/her own insurance status, including the universal health insurance premium, as of the date of written request.⁽¹⁾

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Calculation of old - age pension

ARTICLE 29 - (Amended: 17/4/2008 - 5754/17th Art.)

The old - age pensions of the insurance holders under items (a) and (b) of paragraph one of Article 4 and the individuals who start to work as insurance holders for the first time after the enactment of this Law pursuant to item (c) of the same paragraph shall equal to the amount to be found by the average monthly earning to be determined in accordance with the following provisions multiplied with the replacement rate.

Average monthly earning is thirty times the average daily earning, calculated by the sum of insurance holder's earnings subject to premium, found by updating with the update coefficient realized every year, for the years passed from the year of the earning up to the date of requesting pension, divided by the total paid premium days excluding the nominal service period and actual service period increment.

Replacement rate shall be applied as 2% for each 360 days of total paid premium days of the insurance holder, passed subject to invalidity, old - age and survivors insurances. Periods less than 360 days shall be considered proportionally in this calculation. However, the replacement rate shall not be over 90%.

The replacement rate to be calculated for the insurance holders who are granted with the right of being put on pension pursuant to fourth and fifth paragraphs of Article 28 shall be the rate determined as per third paragraph, but not over 50%, according to the days calculated by the figure found by multiplying the 9000 paid premium days multiplied by the working power loss rate for individuals having paid premiums less than 9000 days, divided by 60%. For individuals having paid premium days over 9000, replacement rate shall be determined based on total number of paid premium days. However, the 9000 premium days in this paragraph shall be applied as 7200 premium days, and the 50% rate shall be applied as 40% for the insurance holders under item (a) of paragraph one of Article 4.

Where the starting date of the pension calculated in the abovementioned manner hits the first six months period of the year, the pension of the insurance holder at the beginning of pension is calculated by increasing the increment rate applied to the incomes and pensions for January in accordance with paragraph two of Article 55 and where it hits the second six months period of the year, the pension of the insurance holder at the beginning of pension is calculated by increasing the increment rate applied to the incomes and pensions for July.

(1)

The term "50" present in paragraph seven was amended with Article 16 of Law Number 5754 of 17/4/2008 as "55" and the term "premium and every kind of debt" in paragraph nine was amended with the term "premium and every kind of debt related with premium" and is applied to the text.

Starting, termination of old - age pension or payment of social security premium

ARTICLE 30 - The insurance holders;

a) stated in items (a) and (b) of paragraph one of Article 4, who have the right to receive old - age pension, shall be put on pension at the beginning of the month following the date of written request,

b) **(Amended: 17/4/2008 - 5754/18th Art.)** stated in item (c), who have the right to receive old - age pension, shall be put on pension at the beginning of the month following the date on which the connection with their duties are terminated based on competent authority's approval of transfer to retirement,

c) **(Amended: 17/4/2008 - 5754/18th Art.)** stated in item (c), who have quitted their duties in whatsoever way and who, after that, have not worked subject to another insurance status, and among the ones whose pension is terminated as a result of control examination, who have the right to receive old - age pension, shall be put on pension at the beginning of the month following the date of request.

The pension of the insurance holder, who is receiving temporary incapacity benefit at the starting date of the pension, shall start at the beginning of the month following the date of termination of the period for granting temporary incapacity benefit. However, if the pension is greater than the monthly amount of the temporary incapacity benefit, then the difference shall be payable starting from the date to be established in accordance with paragraph one.

(Amended third paragraph: 17/4/2008 - 5754/18th Art.) After the individuals, who become insurance holders for the first time after the enactment of this Law, are put on old - age pension;

a) excluding number (4) of item (b) of paragraph one of Article 4, the pensions of the individuals who start to work under this Law or under the legislation of a foreign country shall be terminated at the beginning of the period following the starting date of their work. Such individuals shall pay premiums for short and long term insurance branches and for universal health insurance, in accordance with Article 81, over their earnings subject to premium, determined as per Article 80, for the period they work under this Law. Among the individuals whose old - age pensions are terminated, who submit written request for again being put on old - age pension by quitting their works or shutting down their workplaces, or who are retired or transferred to retirement, shall be put on old - age pension starting from the payment term following the date of written request or the date of quitting duty. The new pension shall consist of the sum of amount found as of the pension starting date stated in this paragraph and the partial pension corresponding to post -retirement work, by applying the increments made to pensions following the date of termination of the former pension. Partial pension for post - retirement work shall be equal to pre - and post - retirement premium days as of date of request and to the part of the pension calculated over the earnings used in premiums of the post - retirement work as per Article 29, in proportion to the number of post - retirement paid premium days.

b) the pensions of the individuals, who start to work subject to other numbers excluding number (4) of item (b) of paragraph one of Article 4 and who submit written request for not terminating their pensions, shall continue. Such individuals shall pay a social security support premium at the rate of 15% of the pension they are receiving. However, this amount to be deducted shall not be greater than the social security support premium that can be collected from the highest old - age pension payable in January of the concerned year from the insurance holders under item (b) of paragraph one of Article 4. Premium for short term insurance branches shall not be collected from such insurance holders. The premiums of the individuals who are subject to social security support premium shall be collected by deducting from their pensions. The periods in which social security support premiums are paid or notified shall not be added to the number of premium days for invalidity, old - age and survivors insurances and single payment shall not be made in accordance with Articles 31 and 36.

(Abrogated fourth paragraph: 17/4/2008 - 5754/18th Art.)

(Amended fifth paragraph: 17/4/2008 - 5754/18th Art.) The individuals whose old - age pensions are terminated pursuant to item (a) of paragraph three because of starting to activity subject to item (b) of paragraph one of Article 4 may request that the provisions of item (b) of paragraph three are applied, and the individuals who are subject to social security support premium pursuant to the provisions of item (b) may request that the provisions of item (a) of paragraph three are applied, during the period in which their insurance status under item (b) of paragraph one of Article 4 continue.

Old - age single payment and revival

ARTICLE 31 - **(Amended: 17/4/2008 - 5754/19th Art.)**

Among the insurance holders under items (a) and (b) of paragraph one of Article 4 and the individuals who become insurance holders for the first time under item (c) pursuant to this Law, the insurance holders, who quits work or closes workplace for whatsoever reason and who does not have the right to be put on invalidity and old - age pension although the required condition of age for putting on old - age pension is fulfilled, shall receive, in single payment, after being updated with the update coefficient realized each year, for the years from the year of the premium up to the date of written request, the sum of invalidity, old - age and survivors insurance premiums of each year paid under item (b) and notified for his/her name under items (a) or (c) of paragraph one of Article 4.

Among the individuals whose services are eliminated by making single payment in accordance with this Law, in case the ones, whose invalidity, old - age and survivors insurance premiums are notified by again being subject to this Law, apply in written, these services will be revived and shall be considered in the execution of this Law, if they pay the amount found by updating with the update coefficient realized each year for the years between the date of single payment and the date of written request, by the end of the month following the date of notification of such to the concerned party.

Funeral benefit shall be granted to the insurance holder's spouse, if not to children, if not to parents, if not to siblings.

Where the funeral benefit is not paid to the individuals listed in paragraph three and the funeral of the insurance holder is undertaken by real or artificial persons, expenses based on documents, not exceeding the amount stated in paragraph three, shall be payable to the real or artificial persons bearing the expenses.

In the case that funeral expense, funeral transfer expense benefit or equivalent payment excluding funeral assistance is made pursuant to the relevant legislation by their own institutions to the right holders of the deceased insurance holders under item (c) of paragraph one of Article 4, the Institution shall not pay funeral benefit.

Insurance term in terms of long term insurance branches

ARTICLE 38 - (Amended first paragraph: 17/4/2008 - 5754/24th Art.) The start of the insurance period that will be considered in application of invalidity, old - age and survivors insurances shall be deemed to be the date on which the insurance holder enters into the scope of the invalidity, old - age and survivors insurances for the first time, subject to abrogated Law Number 5417 of 2/6/1949 on Old - age Insurance, to abrogated Law Number 6900 of 4/2/1957 on Invalidity, Old - age and Survivors Insurances, to Social Insurances Law Number 506 of 17/7/1964, to Traders and Artisans and Other Independent Works Social Insurance Institution Law Number 1479 of 2/9/1971, to Agricultural Workers Social Insurance Institution Law Number 2925 of 17/10/1983, to Individuals Working on Own Name and Account in Agriculture Social Insurance Law Number 2926 of 17/10/1983 abrogated with the present Law, to Republic of Turkey Pension Fund Law Number 5434 of 8/6/1949, to funds under interim Article 20 of Social Insurance Law Number 506 or to this Law. The provisions of the international social security conventions are preserved.

In the execution of this Law, the insurance term of the individuals who are subject to invalidity, old - age and survivors insurances before the age of 18 shall be deemed to commence on the date these individuals are over the age of 18. Invalidity, old - age and survivors insurance premiums paid for periods before this date shall be included in the calculation of the paid premium days.

(Amended third paragraph: 17/4/2008 - 5754/24th Art.) Insurance term considered in putting on pension is the period between the starting date of the insurance status and the date of written request of the insurance holder for pension or, for the insurance holders who have not requested to be put on pension, the date of decease. The insurance term for the insurance holders under item (c) of paragraph one of Article 4 shall be the period between the starting date of the insurance status and the last day of the month in which the insurance holder is approved by the competent authority to be transferred to retirement from duty pursuant to Article 48 and his/her connection is terminated.

(Appended paragraph: 17/4/2008 - 5754/24th Art.) In the calculation of insurance term, number of paid premiums, and earning subject to premium, to be taken as basis for putting on invalidity, old - age and survivors pension or for single payment for the individuals about whom long term insurance provisions are applied due to starting to work when receiving pension for duty disability, the periods before the date of putting on to duty disability pension shall not be considered.

Responsibility of third party in terms of long term insurance branches

ARTICLE 39 - Half of the first advance capital value on the starting date of the pension to be granted pursuant to this Law to the insurance holder who is disabled or disabled of service due to intentional action of a third party or, in case of his/her death, to the right holders shall be revoked to the third parties causing loss to the Institution. ⁽¹⁾

If a invalidity, duty disability or death is caused by the actions of public servants, privates and enlisted specialists, and other individuals charged with duty by the public administrations due to their duties, excluding the ones who have finalized conviction due to such actions, the payments or pensions paid to the insurance holder or right holders shall not be revoked to the institution or concerned parties, by the Institution. ⁽¹⁾

(1)

With Article 65 of Law Number 5754 dated 17/4/2008, the term "disabled" in paragraph one is amended with "disabled or disabled of duty"; and with Article 66 of the same Law, the term "duty disability" is appended following the term "disabled" in paragraph two, and these are applied to the text.

The actual service term increment calculated pursuant to the provision of paragraph one of this Article shall be added to the number of paid premium days in long term insurance branches, not over eight years for insurance holders in row numbers (13) and (14) of the above table and not over five years for others. Half of such periods, not exceeding three years, shall be reduced from retirement age limits. The period limit stipulated in this paragraph shall not be applicable to the insurance holders in row number (10) of the table.

In order to be qualified for the age limit reductions indicated in the above paragraph, the insurance holders in row number (10) of the table should have worked minimum 1800 and the other insurance holders should have worked minimum 3600 days at stated workplaces and works, excluding death and invalidity cases.

The procedures and principles for the execution of this Article shall be regulated by a regulation to be issued by the Ministry upon recommendation of the Institution.

Periods for which service indebteding is allowed

ARTICLE 41 - For the insurance holders under this Law;

- a) **(Amended: 17/4/2008 - 5754/67th Art.)** unpaid birth or maternity leave terms granted pursuant to Laws and terms requested by female insurance holders under item (b) of paragraph one of Article 4, for twice, but not exceeding two - year period following the date of birth, provided that the concerned individual does not work at workplace on service contract and the child lives,
- b) terms under arms or at reserve officer schools for privates and enlisted specialists,
- c) for the individuals under item (c) of paragraph one of Article 4, terms of leave without pay pursuant to personnel legislation,
- d) terms of doctorate or specialty education, in or out of country, for doctorate education or specialty in medicine without being insurance holders,
- e) normal internship terms for individuals who fulfil their lawyer internship without being insurance holders,
- f) for the insurance holders who are arrested or placed under police custody for any offence and then acquitted from such offence, the term under arrest or police custody,
- g) terms under strike or lock - out (...) ⁽¹⁾,
- h) terms under voluntary assistantship for medical doctors,
- ı) for the individuals who resign from their duties due to election laws, the unemployed terms between the date of resignation and the beginning of the month following the date of election,

shall be counted from their insurance status, upon written request of themselves or of their right holders, by placing the insurance holders under debt, provided that they pay their premiums, to be calculated over 32% of the daily earning to be determined by themselves, within one month following the date of notification of the debt, and that the amount is in the range of lower and upper limits of daily earning subject to premium determined in accordance with Article 82 on the date of request.

New application condition shall be sought for the debts not paid within one month. The terms of debt of which premiums are not paid shall not be counted as service. The Institution is authorized to determine how the debt terms will be documented.

In case of getting into debt for periods before the starting date of the insurance determined in accordance with this Law, the starting date of insurance shall be taken back equal to the number of days in debt. In case an individual is qualified for putting on pension with getting into insurance debt, then the concerned individuals shall be put on pension starting from the beginning of month following the date of payment of the debt.

(1) *With Article 67 of Law Number 5754 of 17/4/2008; the term "and for individuals who are accepted by the employer to be on unpaid leave during sector - specific or general economical crisis acceptable by the Institution, such terms not exceeding 3 months for each year" present at this location is abrogated.*

The terms under debt, in terms of long term insurance and universal health insurance, shall be evaluated as insurance term in accordance with,

- a) the relevant item of paragraph one of Article 4 at the date of getting into debt for debtors in accordance with items (a), (b), (d), (e), (f), (g) and (h) of paragraph one,
- b) the item (c) of paragraph one of Article 4 for debtors getting into debt in accordance with items (c) and (i) of paragraph one.

In the service debts belonging to periods after the effective date of this Law, number of premium days in debt shall be attributed to the relevant months. The selected earning subject to premium shall be put into proportion with the minimum earning subject to premium as of the payment date of the debt, and the said ratio shall be multiplied with the minimum earning subject to premium of the relevant month. The found amount shall be accepted as the earning subject to premium of the relevant month. However, the calculated earning subject to premium shall not exceed in any case the maximum earning subject to premium of that month.

Notification ⁽¹⁾

ARTICLE 42 - The Institution shall calculate and determine the income, pension or single payments payable to the insurance holder or right holders, within maximum three months following the date of completion of necessary documents and examinations, and shall notify the results in written. **(Abrogated final two sentences: 17/4/2008 - 5754/67th Art.)**

PART FIVE Provisions on Public Servants

Pensions of individuals working at Office of President, Presidency of Turkish Grand National Assembly and Office of Prime Minister

ARTICLE 43 - Presidents of Republic, who resign from the office for any reason, shall, upon their request, be put on old - age pension, at the rate of 40% of the monthly benefit payable to the President of Republic at the date of request, starting from the beginning of the month following the date of application.

However, President of Republic who resigns from office for any reason is qualified for old - age pension pursuant to Article 28, then old - age pension shall be calculated separately in accordance with Article 29 and the higher among these amounts shall be payable as old - age pension. The entire pension payable in accordance with paragraph one in case the President of Republic is qualified for pension pursuant to Article 28, or the difference in between if the President of Republic is qualified for pension pursuant to Article 28 and the pension calculated pursuant to Article 29 is lower than the pension under paragraph one, shall be collected from the Treasury.

Presidents of Turkish Grand National Assembly or Prime Ministers who resign from the office for any reason, shall, upon their request, be put on old - age pension at 75% of the pension payable to the President of Republic, based on 40% of the monthly benefit paid to the President of Republic at the date of request.

(1) *The title of this part was "Notification and objection"; however it is amended by Article 65 of Law Number 5754 of 17/4/2008 as applied in the text.*

However, President of Turkish Grand National Assembly or Prime Minister who resigns from office for any reason is qualified for old - age pension pursuant to Article 28, then old - age pension shall be calculated separately in accordance with Article 29 and the higher among these amounts shall be payable as old - age pension. The entire pension payable in accordance with paragraph three in case the individual is qualified for pension pursuant to Article 28, or the difference in between if the individual is qualified for pension pursuant to Article 28 and the pension calculated pursuant to Article 29 is lower than the pension under paragraph three, shall be collected from the Treasury.

The right holders of President of Republic, President of Turkish Grand National Assembly or Prime Minister who are deceased while in or after resigning from office shall receive the pension calculated in accordance with this Article shall be payable as survivors pension pursuant to the provisions of Article 34.

Incomes and pensions payable under this Article shall be increased pursuant to the provisions of paragraph two of Article 55.

Cases where certain public servants are put on old - age pension

ARTICLE 44 - The following provisions shall be applied on putting certain public servants, who are deemed to be insurance holders under item (c) of paragraph one of Article 4 of this Law, on pension in executing the provisions of this Law:

a) In case the number of paid premium days is 5400, the individuals who retire due to age limit pursuant to Article 40 of Turkish Republic Pension Fund Law Number 5434,

b) In case the number of paid premiums is 9000, the individuals who are transferred to retirement due to lack of position pursuant to special laws, without seeking age condition,

shall be put on old - age pension.

Among the insurance holders under item (b) of paragraph one of Article 4, military officers, non-commissioned officers, military servants, specialized gendarme and professional enlisted specialists shall be put on old - age pension, by their institutions acting sua sponte, based on their professional records due to judgment on morality or insufficiency or to disciplinary issues, or on judgments of military courts, and other individuals who are transferred to retirement by their institutions based on their professional records pursuant to regulation because of morality or insufficiency shall be put on pension, provided that the limits for age and number of paid premium days stated in paragraphs two and three of Article 28 are fulfilled.

The old - age pensions applied pursuant to items (a) and (b) of paragraph one shall be collected from the public administrations employing such individuals until the limits for age and number of paid premium days stated in paragraphs two and three of Article 28 are fulfilled.

Insurance statuses and premiums of individuals suspended of office, arrested or removed from duty due to Laws

ARTICLE 45 - Among the insurance holders, who are suspended of office, arrested or put under police custody for any offence whether related with the duty or not, from the ones under item (c) of paragraph one of Article 4 of this Law, the individuals who are qualified to partial pension due to laws shall be subject to premium over the half of their earnings and the ones who are qualified to full pension by returning to office after such periods due to laws shall be subject to premium over the full earnings subject to premium. **(Appended sentence: 17/4/2008 - 5754/66th Art.)** The number of paid premium days of the ones who are charged with premiums over the half of the earnings subject to premium shall be calculated half of such periods.

The premiums of the individuals who are removed from office and then returned to office due to court judgment shall be calculated based on the earning subject to premium of his/her own or equivalent staff position for the period between the dates of removal from and returning to office. Default penalties and default increments of insurance holder and employer shares of the premiums of such individuals shall be payable by their institutions and these periods shall be counted from the insurance term.

Additional notification shall be prepared and submitted to the Institution for the individuals whose insurance status changes due to paragraph one and two, and in such a case, provisions of Article 102 shall not be applicable.

The condition of paying 30 days premium stipulated in Article 67 of this Law shall not be sought for unpaid leave periods of the insurance holders who start to office after the end of their unpaid leave periods they used pursuant to relevant laws and who are on unpaid leave for a period of one year or less with the periods granted for starting to office, among the insurance holders under item (c) of paragraph one of Article 4 of this Law. ⁽¹⁾

Earnings subject to premium and upper limit of earnings subject to premium of certain public servants

ARTICLE 46 - (Amended: 17/4/2008 - 5754/26th Art.)

The premium of the difference between the school allowances of cadets attending to military academies, faculties and high schools on account of armed forces and candidates who are receiving education in non-commissioned officer high schools and basic military training to be commissioned as non-commissioned officers and the earnings subject to premium of the lieutenant or non-commissioned officer of the fourth rank receiving the lowest pension depending on relevance, and the premium of the difference between the school allowances of students attending to police academies, faculties and high schools on account of General Directorate of Police and the earnings subject to premium of the assistant ranking police officers or police officers shall be payable by the Institution on behalf of students.

Successful education periods of individuals who are commissioned as officers or non-commissioned officers after attending to faculties or high schools on their own accounts or who are commissioned as officers following their service as reserve officer and who are assigned as assistant ranking police officers or officers after attending to faculties and high schools on their own accounts shall be included in service term, over the earnings subject to premium of the lieutenant or non-commissioned officer of the fourth rank receiving the lowest pension depending on relevance or of the assistant ranking police officers or police officers on the date of getting into service debt, provided that they are placed under debt and have paid the premiums of such periods. Debt to be calculated in this manner shall be payable in equal instalments in two years following the date of notification.

For students, who were attending to faculties or high schools on their own accounts but continue to attend on account of Turkish Armed Forces or General Directorate of Police, provisions of paragraph two shall be applicable on the normal school periods during which they attended previously on their own accounts.

Among the insurance holders under item (c) of paragraph one of Article 4, who are placed under arms with a rank for drill or manoeuvre, for the ones whose earnings subject to premium of their ranks are higher than the earning subject to premium of their duties, the difference of earnings subject to premium shall be deducted from the institution in which they are charged with duty, and for the ones who are placed under arms for mobility or war, whose earning subject to premium of their duties are higher than earnings subject to premium of their ranks, the difference of earnings subject to premium shall be deducted from the institution which pay the earnings subject to premium of their ranks, and these shall be payable to the Institution.

Upper limit stipulated in Article 82 shall not be sought in determining the earnings subject to premium of insurance holders under item (c) of paragraph one of Article 4. In the calculation of earnings subject to premium of the insurance holders under item (c) of paragraph one of Article 4, who are charged with temporary or permanent abroad duties, where they are not considered on unpaid leave and their connection with the personnel law they are subject to continues, for the individuals sent on temporary mission, the earning subject to premium of staff position they occupy shall be taken as basis, whereas for the individuals assigned to abroad staff positions, the higher of earnings subject to premium of the staff position they are assigned to and the domestic staff position before assignment shall be taken as basis. Upon comment of the concerned public administration, the Institution and the Ministry of Finance are jointly authorized to determine the elements and amounts of the payments which are not determined depending on the said staff position pursuant to the relevant legislation among the payment elements to be considered in calculating the earning subject to premium of the abroad staff positions of the individuals assigned to permanent duties, provided that these are limited with the payment elements benefited by the personnel of the institution where the individual's staff position belongs to and that the payments for earnings subject to premium of the same or equivalent staff positions are considered.

(1)

With Article 65 of Law Number 5754 dated 17/4/2008, the term "in periods granted to start to office" present in this paragraph is amended as "on unpaid leave for a period of one year or less with the periods granted for starting to office" and the amendment is applied to the text.

Duty disability⁽¹⁾

ARTICLE 47 - (Amended: 17/4/2008 - 5754/27th Art.)

Provisions on duty disability shall be applied under the following cases to individuals who become insurance holders under item (c) of paragraph one of Article 4 for the first time after the effective date of this Law. If the disability stated in Article 25 is caused during the insurance holders' carrying out their duties or carrying out other duties of any public administration to which they are charged with duty by their won administrations out of their duties, or while carrying out a work for defending

the interests of their institutions, or by an accident occurred during going to or coming from work or occurred at the workplace, then such disability shall be called as duty disability and such individuals as disabled of duty.

If duty disability is caused by;

- a) abusing stupefacient substances, spirits or any kind of substances,
- b) acting in violation of Law, regulation and orders,
- c) committing prohibited actions,
- d) committing suicide,
- e) with the purpose of driving benefits or harming to oneself or others, in whatsoever manner,

then the provisions of duty disability shall not be applicable for such individuals.

Public administrations are obliged to communicate the incident causing duty disability, immediately to the authorized police forces or to competent authorities of that location depending on their legislation and within maximum fifteen days to the Institution. Communication to the Institution may be made by the insurance holders or their right holders within the same period of time. Excluding the case where the public administrations communicate the incident causing duty disability to the competent authorities, notification of the concerned parties shall not relieve the public administrations from their responsibility of notifying.

The period of notifying the Institution shall start from;

- a) the date on which the incident causing duty disability occurs,
- b) for individuals about whom provisions of duty disability will be applied due to causes and qualities of their sickness, the date of prepared final report stating that the treatment of their sickness is impossible,
- c) in cases of captivity and disappearance, the date these cases end.

Duty disability pensions of which notification is submitted in due time shall be payable starting from the beginning of the month following the termination date of duty due to death or disability of the insurance holder.

The insurance holders who do not make notification within due time for duty disability shall be put on duty disability pension or their pensions will be corrected considering the time limit provisions of this Law, upon delayed notification of public administrations or insurance holders or their right holders, provided that duty disability is documented and that they are qualified. In such a case, the total amount up to the date of notification of disability duty of the pensions or differences of such payable to the insurance holder or right holders shall be collected by the Institution from the concerned public administration.

(1) *The title of this Article was "Duty disability, war disability and disability increment payable to the war disabled and permanent incapacity amount payable to the duty disabled"; however, with Article 27 of Law Number 5754 dated 17/4/2008 it is amended as applied to the text.*

The pension for duty disability shall be payable to duty disabled whose total number of paid premium days to be found by adding the nominal service terms;

- a) are up to 10800 days, shall be calculated over 10800 days,
- b) over 10800 days, shall be calculated over the total number of paid premiums, considering the final earning subject to premium, and also making increments at the pensions to be calculated pursuant to Article 29 at the following rates based on their degree of disability:

Degree of disability

Increment rate

1	% 30
2	% 23
3	% 15
4	% 7
5	% 3
6	% 2

Among officers, non-commissioned officers, specialist gendarme, professional enlisted specialists and insurance holders under item (c) of paragraph one of Article 4 charged with duty by Turkish Armed Forces, the ones who are duty disabled;

- a) under actual fire at war,
- b) at war, during war operations and services at war zones, due to causes and effects of such operations and services,
- c) at war or at war preparation stage due to the effect of any kind of enemy weapons,
- d) during domestic discipline or border actions which require military operations, due to causes and effects of such actions,
- e) at peace or extraordinary cases, for aviators flying on order or mission and the ones found on aircraft charged with duty on order, whatsoever their professions or classes are, due to air - or land - borne causes, and for divers diving on order or mission and the ones found on submarine or diving detachment charged with duty on order, whatsoever their professions and classes are, due to various causes and effects of submarinership or diving,
- f) in cases where Turkish Armed Forces are required to be sent to foreign countries pursuant to Article 92 of the Constitution or to international conventions to which Turkey is a part, starting from the departure of the units from their present locations, in or out of country or during return to the country,

shall be called as disabled veterans.

For the professional enlisted specials, three higher degree's from their present degree; for specialist gendarme, same degree of one higher rank's; for non-commissioned officers up to the rank of lieutenant colonel (lieutenant colonel excluded), same level of one higher rank's; for lieutenant colonels, the colonel's; for colonels, senior colonel's; for senior colonels and generals and admirals, one higher rank's; and for insurance holders under item (c) of paragraph one of Article 4 of this Law, one higher degree's earning subject to premium shall be payable.

For disabled veterans who do not have a higher degree, earnings subject to premium of the indicator of three levels higher and for who do not have three levels higher, and earnings subject to premium of the final level of that degree shall be taken as basis.

Based on the degree of disability of the disabled veterans, the amount to be found by multiplying the following indicators with the public servant pension coefficient shall be added separately as "Disabled veteran increment".

<u>Degree of disability</u>	<u>Indicators</u>
1	1100
2	950
3	800
4	600
5	500
6	400

Disabled veteran increments shall be applied 25% higher, upon positive opinion of Chief of General Staff and approval of the Ministry of National Defence, to the Turkish Armed Forces personnel and civilian officers charged with duty by Turkish Armed Forces, who are determined duly by their appropriate superiors that they are disabled while personally ensuring that an operation concludes successfully and showing a model courage and self - sacrifice.

Survivors pension, including disabled veteran increment if they are qualified to, shall be payable to the right holders of the deceased, who was taking or should have taken duty disability pension pursuant to this Article.

Advance capital value total to be determined by the Institution for disabled veteran increment payable to the disabled veterans shall be deposited by the Ministry of National Defence or Ministry of Interior Affairs, within maximum one month, to the accounts to be indicated by the Institution. Provisions of Article 89 shall be applicable for the amounts not deposited in due time.

Among the ones put on duty disability pension;

- a) provided that the provision of item (c) of Article 5 is preserved, the pensions of the ones who start to work under item (c) of paragraph one of Article 4 of this Law, excluding the disabled veteran increment of who are put on duty disability pension, shall be terminated at the payment day following the starting date of work and long term insurance branches shall be applicable for such individuals. Such individuals shall pay premiums for short and long term insurance branches and for universal health

insurance, in accordance with Article 81, over their earnings subject to premium, determined as per Article 80, for the period they work. If these and, among the ones to whom long term insurance branches are applied upon their request due to their working under item (a) of paragraph one of Article 4, the ones who submit written request for again being put on pension or the ones who are resigned or whose duty is terminated for any reason are qualified for pension in return to their later works, then pension shall be calculated for this period in accordance with Article 29. Single payment shall be made to the individuals who are not qualified for old - age pension due to their later works and survivors' pension or single payment is made to the right holders in case of decease of insurance holder.

b) in case the degree of disability changes during their working under item (c) of paragraph one of Article 4, the pension shall be re - calculated considering the new disability degree, over the last earning subject to premium, but not being less than the first duty disability pension.

c) provision of item (b) of paragraph three of Article 30 shall be applicable to the individuals who start to work subject to other numbers excluding number 4 of item (b) of paragraph one of Article 4.

A pension to be determined as per this Article shall be payable to the right holders of the deceased insurance holder due to causes based on duty disability, pursuant to the provisions of Articles 34 and 35. In addition, right owners shall receive funeral and marriage benefit in accordance with the provisions of Article 37.

Duty disability or disabled veteran pensions payable pursuant to this Article shall not be less than disabled veteran or duty disability pension payable to the equivalent participant pursuant to the provisions of Law Number 5434, including the Articles abrogated with this Law.

Among the insurance holders under item (c) of paragraph one of Article 4, who are charged with duty by Republic of Turkey in international operations for preserving and supporting peace shall receive a separate disabled veteran increment during their such duties or as long as duty disability pension is paid due to their such duties.

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Approvals for transferring public servants to retirement

ARTICLE 48 - (Amended first paragraph: 17/4/2008 - 5754/28th Art.) Old - age, disability or duty disability transactions for insurance holders under item (c) of paragraph one of Article 4 shall reach maturity with the approval of;

a) the authority duly competent to assign to the position of the insurance holder in cases of sua sponte transfer to retirement,

b) highest superior of the public administration in cases of request or age limit, disability or duty disability,

c) President of Assembly for members of Turkish Grand National Assembly, municipality council for mayors, office of governor of province for permanent commission members of provinces, highest superior in the last worked public administration for individuals whose connection with the public administration is terminated but their insurance right continues due to a law,

d) highest superior of the institution carrying out the assignment in cases of request, disability and age limits of members to board of directors of institutions,

e) Office of Prime Minister in cases of request, disability and age limits of President of Council of State, Presidency of Turkish Grand National Assembly for the same cases of Court of Auditors,

Excluding the provisions of special laws, the approval of the competent authority for transfer to retirement shall not be later than one month following the date of request. Termination of connection of the individuals assigned on resolution of Council of Ministers or on joint decree shall reach maturity with the approval of the concerned minister.

No approval is sought for transferring to retirement the individuals who are retired when working at organizations in which the share of public in capital is reduced under 50% due to privatization and of which sales or transfer is completed. For the individuals who desire to be retired as per item (b) of paragraph one, their connection is deemed to be terminated after one month following the date of request in any case.

Nominal service terms and nominal service term premium

ARTICLE 49 - (Amended: 17/4/2008 - 5754/29th Art.)

Nominal service term is the term which is considered in calculation of pensions or single payments payable pursuant to this Law but not considered in necessary paid premium days, age and retirement bonus calculations in terms of being qualified for rights granted with this Law. Excluding the increments in the following duties, for each year of the actual service term of the insurance holders;

The Institution is authorized to determine the health - care services, one by one or in groups, from which contribution fee shall not be charged pursuant to this Article.

Service levels and transfer chain ⁽¹⁾

ARTICLE 70 - The health - care service providers shall be divided into levels of first, second and third level, by the Ministry of Health, for the execution of this Law. These levels and the transfer chain between the health - care service providers shall be determined by the Institution, asking the comment of the Ministry of Health, throughout the whole country or on province - or sub - province base, considering the diagnosis, pre - diagnosis, and specialties of medical doctors and dentists. Family physicians shall be included in the first level service providers.

Universal health insurance holders and their dependants are obliged to act in accordance with the transfer chain, for the Institution to provide health - care services.

(Abrogated third paragraph: 17/4/2008 - 5754/67th Art.)

Identifying identity and emergency cases ⁽¹⁾

ARTICLE 71 - Health - care service providers are obliged to check the documents listed in paragraph three of Article 67 and whether these documents belong to the applicant, at the phase of providing health - care services (or after the emergency situation is solved at emergency cases). **(Abrogated final sentence: 17/4/2008 - 5754/67th Art.)**

(1) *With Article 65 of Law Number 5754 dated 17/4/2008; the expression "paragraph three of Article 4" in item (f) of paragraph one of Article 69 is amended as "paragraph four of Article 4", the expression "classified" in paragraph one of Article 70 is amended as "divided into levels", the expression "second" in paragraph one of Article 71 is amended as "third"; with Article 66 of the same Law, the expression ", tissue, and stem cell" is appended after the expression "and organ" in item (d), the expression "individuals and their spouses stated in number" is appended before expression "(4) of item (c)" in item (f) and these are applied to the text.*

(2) *With Article 1 of Law Number 5655 dated 9/5/2007, the expression "health committee report" present in this item is amended as "medical report" and is applied to the text.*

Universal health insurance holders and their dependants are prohibited to receive health - care services of another individual on behalf of themselves or to obtain unjust benefit from the Institution. The damage suffered by the Institution shall be collected in two folds, together with the legal interest, collectively and jointly, from individuals committing to such actions, and the provisions of Turkish Criminal Code number 5237 dated 26/9/2004 shall be applicable to the concerned parties.

For the purposes of this Law, issues regarding what are the emergency cases and emergency health - care services, on which methods and criteria these will be determined, shall be regulated by a regulation to be issued by the Institution, upon opinion of the Ministry of Health.

PART FOUR

Financial and Miscellaneous Provisions

Determining the prices payable for the health - care services

ARTICLE 72 - (Amended first paragraph: 17/4/2008 - 5754/44th Art.) Health - Care Services Pricing Commission is authorized to determine the prices payable by the Institution for daily allowance, transportation, accommodation and food expenses to be paid pursuant to Article 65. The commission may classify the health - care service providers based on pricing, considering medical education, service level, infrastructure and resource use, and cost factors. The commission is authorized to determine, one by one or in groups, for each class, the prices payable by the Institution of health - care services financed pursuant to Article 63, considering the province and level of provided health - care service, subventions granted directly or indirectly by the State, whether the health - care service has vital importance, medical applications based on proof, cost - effectiveness criteria and the budget of the universal health insurance.

(Amended second paragraph: 17/4/2008 - 5754/44th Art.) The commission consists of totally seven members, one member of each representing the Ministry of Labour and Social Security, Ministry of Finance, Ministry of Health, Undersecretariat of State Planning Organization, Undersecretariat of Treasury, and two members representing the Institution. The commission reaches decisions on absolute majority and the decisions are published in the Official Journal. In cases found necessary by the Commission, more than one sub - commission may be established depending on the types of health - care services. Secretarial works of the Commission is fulfilled by the Institution.

A meeting fee shall be payable to the attendees of the Health - Care Services Pricing Commission, not more than two times a week, over the amount to be found by multiplying the public servant coefficient with indicator figure of (3000) for each meeting day they attend to. All kinds of expenses regarding the works of the commission shall be borne by the Institution.

(Amended fourth paragraph: 17/4/2008 - 5754/44th Art.) The Institution may ask the opinions of relevant public institutions and organizations and the profession organizations bearing the qualities of association, foundation, federation, confederation and public institution.

Procedures and principles regarding the works, duties and authorities of the Health - care Services Pricing Commission and execution of this Article shall be regulated by a regulation to be issued by the Institution receiving the opinions of the institutions member to the Commission.

Method for providing health - care services and paying health - care expenses

ARTICLE 73 - (Amended: 17/4/2008 - 5754/45th Art.)

Health - care services, pursuant to this Law, shall be provided through contracts signed between the Institution and domestic or abroad health - care service providers and/or by refunding the expenses of health - care services purchased by universal health insurance holders and their dependants from non - contracted health - care service providers in accordance with the provisions of this Law.

Council of Ministers is authorized to determine the upper limit of the additional fee to be charged up to one fold of these values, considering criteria such as expenses of health - care service providers received from universal health insurance holders and their dependants and the costs of the health - care services they produce, in addition to the health - care services determined by the Health - care Services Pricing Commission for the contracted health - care service providers, including foundation universities and excluding the health - care service providers of public administrations. Rates of the additional fees to be charged under this upper limit shall be determined by the Institution. However, individuals under numbers (4), (6) and (8) of item (c) of paragraph one of Article 60, and their dependants, shall not be charged with additional fees, in case they are transferred by public administration health - care service providers. For the equivalent medication determined by Health - Care Services Pricing Commission, the difference between maximum price and the price of two equivalent medications requested by the individual and optical upper limit shall not be applied and shall not be evaluated under this paragraph.

Public administration health - care service providers, excluding hotel services and extraordinary health - care services stated in paragraph four, may not request additional charges from universal health insurance holder and their dependants for the health - care services they request. Unless there is a provision stating otherwise, provision of this paragraph shall not be applicable to health - care services provided by university lecturers defined in Higher Education Law Number 2547 dated 4/11/1981 at public administration and foundation university health - care service providers; the Institution may determine an upper limit for the additional fee to be charged for university lecturers.

Contracted health - care service providers, may request additional charges from universal health insurance holders and their dependants, not greater than three folds of the determined service prices, for hotel services fulfilling the requests over standards laid down by the Institution and for extraordinary health - care services determined by Health - Care Services Pricing Commission considering issues such as not having vital importance or having alternative treatments. Contracted health - care service providers are obliged to notify the institution about their health - care service prices which they determined under the upper limit determined for additional charge payments, within thirty days following the publication of health - care service prices payable by the Institution. Contracted health - care service providers shall inform the Institution, within 5 workdays, about their price changes. Even if it is under the upper limit, they cannot increase their prices before the period determined by the Institution is over.

The Institution may establish provision centres and employ personnel at the location of health - care service providers, in order to carry out provision transactions. Contracted health - care service providers are obliged to assign a suitable, independent location to the Institution for this purpose.

Except emergency cases, the healthcare service prices purchased by individuals from non - contracted health - care service providers shall not be payable by the Institution.

The price of the health - care service received from non - contracted health - care service providers shall be payable, in return to invoice, to universal health insurance holders and their dependants, based on the prices determined pursuant to Article 72 for contracted health - care service providers. In emergency cases, both contracted and non - contracted health - care service

providers and for health - care services determined by the Institution, only the contracted health - care service providers may not request additional charges from universal health insurance holders and their dependants.

The Institution is authorized to provide health - care services to be provided by public administrations, except the methods stated in paragraph one of this Law, with a service purchase agreement over a lump sum price. Public administration health - care service providers are obliged to provide any kind health - care service which should be provided under the contract to the universal health insurance holders and to their dependants, in return to the contractual lump sum price, and may not request charges additional to the contractual lump sum price from universal health insurance holders and their dependants, other than additional fees and contribution fees stated in the Law. Invoice or basis documents shall not be sent separately to the Institution for the services provided under service purchase contract over the lump sum price. Procedures and principles regarding the execution of this paragraph are determined jointly with the Ministry of Health.

Health - care service providers are obliged to check and documents, in accordance with the methods provided by the Institution on electronic medium or other media, to see whether the universal health insurance holders or their dependants have the right to benefit from health - care services.

Preparing and concluding health - care service purchase contracts, payment of the costs of health - care services and other procedures and principles regarding the execution of this Article shall be regulated by a regulation to be issued by the Institution.

Purpose of use of universal health insurance revenues, health - care expenses made for short and long term insurance branches

ARTICLE 74 - Universal health insurance premium incomes shall not be used for any purpose other than management expenses, health - care services provided from universal health insurance, and other rights.

For long and short term insurance branches, health - care service expenses arising from determining the cases of permanent incapacity, invalidity, loss of working power or from controls made for such purposes, and, pursuant to Article 72, daily allowance and transportation expenses, companion expenses, of which procedures and principles will be determined by the Institution, shall be covered from the short and long term insurance branches.

Natural disasters and war

ARTICLE 75 - In cases of disasters under Law Number 7269 of 15/5/1959 on Aids to be Made and Measures to be Taken for Disasters Effecting General Life and of war pursuant to Mobility and War Law Number 2941 of 4/11/1983, the Institution continue to provide the health - care services of universal health insurance holders and their dependants. However, expenses of health - care services provided by the Institution due to reasons based on disaster or war, shall be transferred to the Institution, within one year, from the general budget, taking as basis the end of the calendar year in which the expenses are paid.

Responsibility of employer, universal health insurance holder and third parties

ARTICLE 76 - The employer is obliged to provide immediately health - care services required by the health status of the universal health insurance holder suffering from work accident or occupational disease. For this purpose, the health - care service expenses, made by the employer and based on documents, and the expenses to be made pursuant to the provisions of Article 65 shall be covered by the Institution.

The employer, who causes the universal health insurance holder to have a longer treatment period or to be disabled or to have an increased disability degree, due to negligence or delay in fulfilling the obligations stated in paragraph one, is obliged to pay each and every kind of health - care service expense borne by the Institution for this purpose.

(Amended third paragraph: 17/4/2008 - 5754/46th Art.) The employer, who employ universal health insurance holder without being based on a medical report although it is necessary to obtain a medical report due to laws or without taking into consideration the medical report stating that employing of such individual at the said work is not medically appropriate, shall compensate the Institution for the health - care service expenses made for this purpose. Individuals under item (a) of paragraph one of Article 4, who is documented with a health committee report that he/she cannot work at a certain work, may not be employed at said works. Employers employing such individuals shall be obliged to pay the expenses borne by the Institution due to the same illness of the universal health insurance holder. Treatment expenses made due to the same illness of the universal health insurance holder who works at the same work without receiving document from the medical doctor or health committees authorized by the Institution stating that the treatment is over and that the insurance holder may work, shall be borne by the insurance holder himself/herself.

Where the work accident and occupational disease is caused due to the intentional action of the employer or to universal health insurance holders' action in violation of the provisions of legislation on protection of work health and work safety, the health - care expenses borne by the Institution shall be compensated by the employer. The principle of inevitability shall be considered in determining the responsibility of the employer. ⁽¹⁾

(Abrogated fifth paragraph: 17/4/2008 - 5754/46th Art.)

(Amended sixth paragraph: 17/4/2008 - 5754/46th Art.) The health - care expenses borne by the Institution shall be compensated by the third parties who are determined on court judgment that they caused the Institution to provide health - care services or extension in the treatment period of such individuals, due to intentional or offensive action towards universal health insurance holders or their dependants or not fulfilling or neglecting a duty given by relevant laws.

(1) *With Article 4 of Law Number 5754 dated 17/46/2008, the expression "insurance holder" present in this paragraph is amended as "universal health insurance holder" and is applied to the text.*

(2) *With Article 4 of Law Number 5754 dated 17/65/2008 the expression "all without considering whether they are a group" present in this paragraph is amended as "has" and is applied to the text.*

The Institution may examine books, documents and information, and may request presentation of such, kept by employers, health - care service providers and other real and artificial persons, regarding application of universal health insurance provisions.

The Institution has the authority to control services and transactions carried out by health - care service providers regarding their duties laid down in this Law. The Institution may use this authority through the personnel charged with duty or by purchasing service from public institutions or special institutions.

SECTION FOUR Provisions on Premiums PART ONE

Collecting Premiums, Earning Subject to Premium, Premium Rates and Minimum Workmanship

Obligation to collect premiums

ARTICLE 79 - For short and long term insurances and universal health insurance, the Institution is obliged to collect, and the concerned parties are obliged to pay, premiums in order to cover any kind of payment foreseen in this Law and management expenses.

Universal health insurance premiums collected by the Institution shall be transferred directly to the universal health insurance section of the Institution budget, following collection.

Earnings subject to premium

ARTICLE 80 - (Amended: 17/4/2008 - 5754/47th Art.)

Earnings subject to premium for insurance holders under item (a) of paragraph one of Article 4 shall be determined as follows.

a) In the calculation of earnings subject to premium, gross total of;

1) Deserved wages,

2) amounts paid to the special health insurance holders and to personal retirement system for insurance holders by employers and payments made in the concerned month from premium, bonus and any kind of similar deserved amount,

3) payments made to the insurance holders in the concerned month in the form of earnings stated in above numbers (1) and (2) pursuant to resolutions of administration or legal authorities,

shall be taken as basis.

b) Benefits in kind and funeral, birth and marriage benefits, duty travel allowances, mobile duty compensation, severance pay, dismissal pay or collective payment in the form of severance pay, estimated cost, pay in lieu of notice or cash compensation, and food, child and family increments of which amount will be determined the Institution in years, private health insurance premiums and personal retirement contribution fees, not exceeding 30% of the monthly total minimum wage, paid by the employers to private health insurances and personal retirement system for insurance holders shall not be included in the earnings subject to premium.

c) excluding the exceptions in item (b), under whatsoever name, all payments and cash payments made to substitute aids in kind shall be included in the earning subject to premium. Exemptions and exceptions regarding not being subject to premium in other laws shall not be taken into consideration in the execution of this Law.

d) Wages shall subject to premium by attributing to the month they are deserved. Other payments shall be included in the earning of the month they are paid and the section not subject to premium due to exceeding the upper limit in the month such payments are made out of wage shall be added to the earnings subject to premium of the subsequent months under the upper limit, not to be later than two months following the month of payment. Based on resolutions reached by employers of workplaces subject to collective labour agreement or by public administrations or legal authorities, where the payments paid later on other than wage are paid when service contract is not present or suspended, considering the provision of Article 82, this shall be included in the earning of the final month to which earning subject to premium belongs to. In such cases, where the insurance premiums are paid until the end of the month following the finalization date of the resolution of the abovementioned authorities, default fine or default increment shall not be collected and provisions of Article 102 shall not be applied.

e) Daily earnings to be used in calculating the premiums and benefits of insurance holders receiving wage over an indefinite time and amount such as commission fee or participation to profit, not based on a certain hourly, daily, weekly or monthly fee shall be the lower limit determined in accordance with Article 82.

f) If an insurance holder working subject to an employer receives wage under item (e) other than a certain wage, then the earning subject to premium shall consist of the sum of these.

g) Daily wage to be used in the calculation of premiums shall be one thirtieth of the earning subject to premium in a month of the insurance holder. However, the daily earning of an insurance holder who did not work on certain days and did not receive wage for not worked days in the month used in calculating daily earning shall be calculated by earning subject to premium of the concerned month divided by the number of paid days.

h) Number of days used in calculating the daily earnings of insurance holders also indicates the number of paid premium days of such individuals. However, provided that the part time service contract between the employer and the insurance holder is in written format, the number of paid premium days of in that month of the insurance holder who works at certain hours of the day and receives hourly wage shall be calculated by the total number of hours worked in that month divided by the daily working hour calculated according to the weekly working time determined pursuant to Labour Law Number 4857. Day fractions shall be accepted as a full day in such calculations.

i) If the working time is determined as day, week or month between the parties in the written labour contract based on work upon call between the employer and the insurance holder, then paid premium days of the insurance holder in that month shall be calculated in accordance with the provision of item (h), considering that the weekly working time is decided to be minimum twenty hours.

j) Universal health insurance premiums of the missing days of number of paid premium days less than 30 in a month shall be calculated considering the missing working periods pursuant to paragraph four of Article 88.

j) (31/7/2008 - 5797/1st Art.) The paid premium days of individuals employed as specialist or master teacher under the relevant legislation in return to additional course fee at formal and informal educational institutions of any degree or kind under Ministry of National Education shall be calculated, not exceeding 30 days, by dividing total amount of the additional course fees deserved in a calendar month by lower limit of daily earning subject to premium. In such calculations the remainders of the whole numbers shall not be taken into consideration. ⁽¹⁾

Earnings subject to premium for insurance holders under item (b) of paragraph one of Article 4 shall be determined as follows.

a) Monthly earning subject to premium is thirty times the daily earning to be declared by the individuals themselves, provided that it is in the range between the upper and lower limit of earning subject to premium determined pursuant to Article 82. Monthly earning subject to premium shall be declared by such insurance holders at times determined by the Institution. Monthly earnings subject to premium of the non - declaring insurance holders shall be determined as thirty times the lower limit of earning subject to premium.

b) Where the insurance holder is also employer, then the earning subject to premium cannot be less than thirty times the highest daily earning subject to premium of the employed insurance holders. Monthly earnings subject to premium of the insurance holder whose monthly earning subject to premium is determined to be less than the thirty days of daily earning subject to premium of employed insurance holder shall be increased to the level of determined earning and the premium of the difference shall be collected by applying default fine or default increment pursuant to the provisions of Article 89.

c) Where more than one status is present requiring being insurance holder under item (b) of paragraph one of Article 4, a single declaration shall be submitted based on the principles stated in items (a) and (b) of this paragraph.

In calculating the earnings subject to premium of individuals who become insurance holders for the first time under item (c) of paragraph one of Article 4;

1) the rate of invalidity, old - age and survivors insurance premium applicable for insurance holders working under item (a) of paragraph one of Article 4, shall be determined by adding 1 point in works where 60 actual service days will be added pursuant to Article 40; 1.5 points in works where 90 actual service days will be added pursuant to Article 40; and 3 points in works where 180 actual service days will be added to the 20% rate stipulated in item (a) of this Article,

2) the rate of invalidity, old - age and survivors insurance premium applicable for insurance holders working under item (c) of paragraph one of Article 4, shall be determined by adding 3.33 point in works where 60 actual service days will be added pursuant to Article 40; 5 points in works where 90 actual service days will be added pursuant to Article 40; and 10 points in works where 180 actual service days will be added to the 20% rate stipulated in item (c) of this Article,

and the rate obtained with this method and the entire premium of the difference between 20% stipulated in item (a) of this Article shall be payable by the employer.

c) Short term insurance branches premium rate shall be determined by the Institution pursuant to Article 83, between 1% and 6.5% depending on the gravity of the danger of the work in terms of work accident and occupational disease. All of this premium shall be paid by the employer.⁽¹⁾

d) Premium rate for students in item (b) of paragraph one of Article 5 and trainees in item (e) shall be 1% of their earnings subject to premium. Lower limit of daily earning subject to premium shall be taken into consideration in calculating the daily earnings subject to premium of trainees. Earnings subject to premium of candidate apprentices, apprentices and students receiving vocational education shall be applied as stipulated in relative laws.

e) **(Abrogated: 17/4/2008 - 5754/48th Art.)**

f) **(Amended: 17/4/2008 - 5754/48th Art.)** Universal health insurance premium shall be 12.5% of earning subject to premium calculated pursuant to paragraph one of Article 82 for individuals subject to short and long term insurance branches. 5% of this premium is insurance holder's share and 7.5% is employer's share. Universal health insurance premium for individuals subject to only universal health insurance and for individuals listed in item (e) of paragraph one of Article 60 and interim Article 13 of this Law shall be 12% of earning subject to premium.

g) **(Amended: 17/4/2008 - 5754/48th Art.)** Insurance holders under item (b) of paragraph one of Article 4 shall pay their premiums over the total of the premium rates in items (a), (c) and (f).

h) **(Appended: 17/4/2008 - 5754/48th Art.)** In return to duty disability pensions, being or will be paid to insurance holders under item (c) of paragraph one of Article 4 and to survivors pensions to be granted to their right holders, additional return premium shall be collected at 20% of the state premium benefits allocated to social security institutions from public administrations' budgets for insurance holders in this scope. All of the allocated additional return premium shall be payable in equal monthly instalments, within six months following the beginning of the month following the effective date of institution budgets after approval of competent authorities. Additional return premiums of administrations under general budget shall be covered from the appropriation to be placed in the Ministry of Finance budget.

(1) *Pursuant to Judgment E. 2006/111, K. 20006/112 dated 15.12.2006 of Main Court is cancelled for insurance holders under item (c) of paragraph one of Article 4 of the Law, and until the publication date of Cancellation Resolution on Official Journal, its Execution is stayed pursuant to Judgment number E:2006/111, K:2006/36 dated 15/12/2006 (Stay of Execution); for the said cancellation judgment please see Official Journal number 26392(5th Repetition) dated 30/12/2006.*

1) **(Appended: 17/4/2008 - 5763/24th Art.)** For the private sector employers who employ insurance holders under item (a) of paragraph one of Article 4 of this Law, the amount corresponding to five points of employer share in the premiums of invalidity, old - age and survivors insurances pursuant to item (a) of paragraph one of this Article shall be covered by the Treasury. For the premiums belonging to employer's share to be covered from the Treasury, it is obligatory that the employers should submit, within legal period to the Social Security Institution, the premium and service documents pursuant to this Law regarding insurance holders they employ, that, of insurance premiums of all insurance holders, the amount corresponding to the insurance holder's share and the amount belonging to employer's share not covered by the Treasury should be paid within legal due time, and that there should not be any premium, administrative fine, and any default fine or default increment debts to the Social Security Institution. However, the employers, who defer and divide into instalments their premium, administrative fine and related default fine and default increment debts to the Institution pursuant to Article 48 of Law Number 6183 dated 21/7/1953 on the Procedure for Collecting the Public Claims and who divide into instalments and restructure such debts pursuant to Social Insurance Institution Law Number 4958 dated 29/7/2003, to Law Number 5458 dated 22/2/2006 on Restructuring Social Security Premium Claims and on Amending Some Laws, shall benefit from the provision of this paragraph until such deferral, dividing into instalments and restructuring continues. Provisions of this paragraph shall not be applicable to Public administration workplaces and to workers subject to social security support premium as per this Law and to insurance holders working abroad. Premium amounts covered by the Treasury shall not be considered as a factor of expense or cost in income and corporate tax applications. Employers who benefit separately from support factor regulated with this paragraph in accordance with other relevant legislation shall not benefit from this support factor for the same period and repeatedly. In such a case, the application shall be made, considering the preference of employers, limited with only one of the support factors. Employers who are determined, in controls and inspections carried out due to this Law, not to declare the individuals as insurance holders, shall not benefit for one year from support factors provided with this paragraph. **(Appended sentence: 31/7/2008 - 5797/2nd Art.)** Incentive regulated in this paragraph shall be applicable to personnel subject to the statuses of funds under interim Article 20 of Law number 506, over taxable values, rates and principles on insurance holders under item (a) of paragraph one of Article 4 of this Law, excluding public administrations. Procedures and principles regarding execution of this paragraph shall be determined jointly by Ministry of Finance, Ministry of Labour and Social Security and Undersecretariat of Treasury.(1)

(Amended second paragraph: 17/4/2008 - 5754/48th Art.) The State contributes to the Institution, at a rate of one fourth of the invalidity, old - age and survivors insurances and universal health insurance premium collected by the Institution per month. Amount to be calculation as contribution of state shall be payable to the Institution, by Treasury, within 15 days following the date of request.

Daily earning limits

ARTICLE 82 - Lower limit of the daily earning subject to premium in calculation of premiums to be collected and benefits to be granted by is one thirtieth of the minimum wage and the upper limit is 6.5 times the lower limit of daily earning.

Earnings of insurance holders with a daily earning under the lower limit in the above paragraph and of insurance holders working free - of - charge shall be calculated using lower limit, and the of the individuals with a daily earning over the upper limit shall be calculated using upper limit.

If the earning of the insurance holder is under lower limit pursuant to paragraph two, then the insurance premiums of the difference between this earning and the lower limit and the entire insurance premium of insurance holders working free - of - charge shall be payable by the employer.

If the total of premiums paid to the Institution due to the fact that insurance holders work more than one work subject to the same insurance status determined pursuant to Article 53 of this Law exceeds the amount to be calculated over the upper limit of earning subject to premium determined for such insurance status, then, upon request of the insurance holder, all of the exceeding part shall be refunded to the insurance holder, in single instalment, at a rate of his share, at the latest in the month following the date of request. A separate default fine and default increment and interest shall not be paid for refunded premiums.

Premium tariff for short term insurance branches and determining danger classes and degrees of work branches and works

(1) *With Article 2 of Law number 5797 dated 31/7/2008; the expression " who restructured pursuant to Law Number 4958 dated 29/7/2003 on Restructuring Social Security Premium Claims and on Amending Some Laws hall benefit from the provision of this paragraph until such deferral, dividing into instalments and restructuring continues" in this item is amended as "who divide into instalments and restructure such debts pursuant to Social Insurance Institution Law Number 4958 dated 29/7/2003, to Law Number 5458 dated 22/2/2006 on Restructuring Social Security Premium Claims and on Amending Some Laws, shall benefit from the provision of this paragraph until such deferral, dividing into instalments and restructuring continues" and amendment is applied to the text.*

ARTICLE 83 - Short term insurance branches premium shall be determined depending on the gravity of the danger of the work in terms of work accident and occupational disease. Work branches are divided into classes depending on the gravity of danger, and these classes are divided into degrees based on special working conditions and on measures taken to prevent danger. Which work branch is included in which danger class, premium rats of danger classes and degrees and principles applicable to determining the danger degrees shall be determined by a tariff to be put into force by a resolution of Council of Ministers, upon proposal of the Ministry asking the opinions of concerned ministries. If necessary, the premium tariff may be changed using the same procedure.

In which danger class and degree the work is based on the tariff stated in paragraph one and premium rates to be paid for short term insurance branches shall be determined by the Institution and shall be officially communicated to the employer and to the insurance holders pursuant to item (b) of paragraph one of Article 4. Individuals who are determined not to be in compliance with the provisions of legislation on measures to prevent work accident and occupational disease may be placed by the Institution to higher premium degrees.

The Institution may change the determined danger class and degree of the workplace, acting spontaneously based on the examinations or upon request of the employer or insurance holders pursuant to item (b) of paragraph one of Article 4. It is obligatory that the decision on changes to be made by the Institution is notified to the employer minimum one month before the calendar year of the decision and that the change request of the employer is notified to the Institution minimum two months before the calendar year of the request.

Changes decided on in this manner shall be in effect at the beginning of the calendar year following the decision or request.

Employers and insurance holders under item (b) of paragraph one of Article 4 may place an objection to the Institution, within one month following the receipt of the written notification to be made by the Institution regarding danger class and degree, and premium rate. The Institution shall examine and decide on such objections within maximum three months and shall notify the objector about the result. The concerned parties, upon decision of the Institution, may resort to competent court within one month following the notification date of decision. Placing objection to the Institution or applying to court shall not terminate follow - up and collection of premiums.

If the objection of employers or insurance holders under item (b) of paragraph one of Article 4 is placed within one month following the receipt of workplace danger class and degree and short term insurance branches premium rate by the employers or insurance holders under item (b) of paragraph one of Article 4, then the changed work branch code and danger class and degree shall be applied as of the date of wrong application, and if objection is placed out of this one - month period, then it shall be applied starting from the beginning of the year following the receipt of the objection in the records of the Institution, and if time periods in paragraph one are missed, then it shall be applied as of the beginning of the calendar year following the official notification of the decision on change to be made by the Institution.

Where danger class and degree increases due to such a change, if the premium difference of short term insurance branches of the period between the date of official notification of the decision to employers or insurance holders under item (b) of paragraph one of Article 4 and the effective date is paid to the Institution within one month following the official notification date, then default fine and default increment shall not be charged for this premium difference. Otherwise, the premium difference shall be collected with default fine and default increment pursuant to Article 89. In case the danger class and degree decreases, the premium difference of short term insurance branches shall be deducted, if any, from the debts of the employer or shall be refunded. No interest shall be payable if it is refunded within one month.

Changes that may affect danger classes and degrees

ARTICLE 84 - Employers and insurance holders under item (b) of paragraph one of Article 4 are obliged to notify the Institution within one month about any kind of change that may affect the danger class and degree. Upon such a notification, the Institution may, as a result of examinations, change the danger class and degree. If the change that may affect the danger class and degree is notified within one month, then the decision of Institution on this issue shall be applied starting from the beginning of the month following the occurrence date of the change.

If the change that may affect danger class and degree is not notified within one month, then the date;

a) of change if the danger class is increasing,

b) of receipt of change information by the Institution, if danger class is decreasing,

shall be considered and the Institution shall reach to a decision, applicable from the beginning of the month following these dates, and shall officially notify the concerned parties.

Minimum workmanship application and reconciliation ⁽¹⁾

ARTICLE 85 - In case the employer is found to make notification under insurance number, working time and earning subject to premium necessary for administering the work in terms of peers, quality, scope and capacity, then minimum workmanship amount necessary for administering the work shall be determined considering issues such as quality of the work done, technology used, size of the workplace, number of insurance holders employed at peer enterprises, opinion of concerned professional or public institutions. The said determinations shall be carried out by the officers of the Institution charged with duties of inspection and control.

The Institution checks whether employers, who carry out works for public administrations, organizations having revolving funds institutions and organizations established by law and banks, based on tender legislation and for private construction works, have notified sufficient amount of workmanship. If, as a result of such examination it is found out that sufficient workmanship is not notified, then the premium amount to be calculated over the missing workmanship amount shall be officially communicated to the employer, to be paid within one month, including default fine and default increment to be calculated pursuant to Article 89. The debt shall be finalized when the employer pays or commits in written to pay the officially communicated premium and default fine and default increment. In case the payment liability, undertaken in the written declaration to be submitted to the Institution, is not fulfilled, then a transaction shall be applied to the employer pursuant to Articles 88 and 89. If the officially communicated premium and default fine and default increment is not paid, declaration is not submitted or the Institution finds it necessary to inspect the workplace, then an examination shall be carried out by the Institution.

Insurance premiums accrued, sua sponte, by the Institution over the minimum workmanship amount determined by the Institution that it is not notified under procedures stated in paragraphs one and two of this Article, shall be officially communicated to the employer considering Articles 88 and 89. The employer may submit an objection against the communicated premium debt, to the Institution within one month following the date of official communication. Objection shall suspend the transaction. In case of refusal of objection by the Institution, the employer may apply to competent labour court within one month following the date of official communication of the decision. Applying to the court shall not terminate the follow - up and collection of the premium debt.

Administrative fine pursuant to number (4) of item (d) and (e) of paragraph one of Article 102 shall be applied, by the officers of the Institution authorized with inspection and control, to the workplaces which are determined not to notify the minimum workmanship amount to the Institution.

Public administrations, organizations having revolving fund, institutions and organizations established by law, and banks are obliged to submit information and documents to be requested by the Institution, in written, regarding execution of this Article, within maximum one month.

In examining whether sufficient workmanship amount is notified to the Institution, a Commission for Determining Minimum Workmanship shall be established, consisting of totally seven technical members, of which four are technical personnel of the Institution, two are from worker and employer confederations represented in Board of Directors and one member from Turkish Union of Chambers and Stocks, in the body of the Institution, with the purpose of determining minimum workmanship rates to be considered in determining minimum workmanship amounts required for administering the work and of examining and deciding on the objections that may be submitted against minimum workmanship rates.

If found necessary by the Institution, more than one Commissions for Determining Minimum Workmanship may be established based on same principles. The commission meets with absolute majority and decisions shall be reached with the same votes of minimum four members. In case the members out of the Institution do not attend to subsequent three meetings and to five meetings within last six months, then members from the next confederation in the rank of membership numbers shall be invited to substitute the non - attending member of the first confederation.

Members assigned to Commission for Determining Minimum out of the Institution shall receive attendance fee, over the amount found by multiplying the indicator figure of (2500) with the coefficient used in the calculation of public servant pensions, for each attended day, from the Institution.

(Appended paragraph: 17/4/2008 - 5754/49th Art.) Reconciliation with the employer may be applied in the calculated insurance premiums, and administrative fines to be applied to these premiums, together with the default fine and default increment over the taxable value subject to difference insurance premium, which is determined as a result of minimum workmanship examination carried out by the Institution officers charged with duties of inspection and control at the permanent workplaces and which cannot be attributed to the insurance holders, before the report on the issue is sent to the relevant unit by the Institution. In case of reconciliation, this issue shall be written in minutes. Agreed amounts shall be final and no lawsuits could be brought or no complaints or objections could be submitted to any authority regarding the amounts subject to agreement. The agreed premiums and administrative fines shall be payable within maximum one month following the preparation of reconciliation minutes. The employer shall not benefit separately from advance payment discount for the agreed administrative fine. In case the agreed amounts are not paid fully within this time period, then the agreement shall be annulled and the agreed amounts shall not be considered as vested rights. In cases where the agreement could not be reached or agreement could not be found during reconciliation negotiations or agreement is cancelled, the employer may not request on this issue at a later time.

(Appended paragraph: 17/4/2008 - 5754/49th Art.) In case the insurance premiums not collected due to discount as a result of agreement are attributed to the insurance holder due to a resolution of the Institution or court, then missing insurance premiums shall be collected, together with the default fine and default increment, considering the earning subject to insurance premium and the service term of the insurance holder.

Working procedures and principles of the Commission for Determining Minimum Workmanship, characteristics of technical personnel to be assigned to the Commission, method to be applied in determining minimum workmanship, determining data, criteria for on - site determination to be carried out on completed or ongoing works, establishment, working procedures and principles of reconciliation commissions, and other procedures and principles regarding the execution of this Article shall be regulated by a regulation to be issued by the Institution

(1) *The title of this Article was "Minimum workmanship application" ; however, with Article 49 of Law Number 5754 dated 17/4/2008 it is amended as applied to the text and the expression "institutions and organizations established by law" is appended following the "organizations having revolving funds" in paragraphs four and five of the same Article, and the expression "establishment, working procedures and principles of reconciliation commissions" is appended following the expression "on - site determining criteria to be carried out" in paragraph nine, and all these are applied to the text.*

PART TWO

Premium Documents and Payment of Premiums

Premium documents and workplace records ⁽¹⁾

ARTICLE 86 - The employer is obliged to submit the original and additional premium and service document stating;

a) names and surnames, TR identity numbers,

b) earnings subject to premium to be calculated as per Article 80,

c) paid premium days and premium amounts,

of employed insurance holders subject to Article 4 and 5 and of insurance holders subject to social security support premium, and of which sample shall be established by a regulation to be issued by the Institution, within one month until the end of the date to be determined by the Institution for the ones under item (c) of paragraph one of Article 4, and until the end of the date to be determined by the Institution in the month following the month it belongs to for other insurance holders, or if the employer does not employ any insurance holders, the employer is obliged to notify the Institution about this issue within fifteen days following the ending date of employing insurance holders.

Employers and workplace owners are obliged to keep workplace books, records and documents, for a period of ten years starting from the beginning of the year following the year of such documents, and public administrations are obliged to keep such for a period of thirty years, liquidation and bankruptcy administration officers are obliged to keep such during their duties, and these are obliged to present such within fifteen days to the Institution officers charged with inspection and control duties, upon their requests.

In case the employer temporarily transfers the insurance holder in order to fulfil working for another employer pursuant to Article 7 of Labour Law Number 4857, then the transferee shall be obliged, jointly with the employer, for submitting to the Institution, within the same time period, the documents stated in paragraph one regarding the temporary work relation period.

It is obligatory for the employer to add the documents proving that the insurance holders, who are declared not to work and not to be paid on certain workdays in a month, have worked less than thirty days, to the premium and service document of the concerned month. This condition shall not be sought for public administrations and for workplaces where collective labour agreement is signed.

In case information and documents proving that the insurance holders worked less than thirty days are not submitted to the Institution within the due time for monthly premium and service document or in case submitted information and documents are not considered valid by the Institution, monthly premium and service document is prepared by the Institution, *sua sponte*, for periods declared less than thirty days, and the premiums shall be collected pursuant to the provisions of this Law.

Employers or sub employers who employ insurance holder and employers who are transferees of insurance holders in order to fulfil work action are obliged to display, at a place possible to be seen by the insurance holders, a copy of monthly premium and service document approved by the Institution, at the workplace where insurance holders work, or in case of more than one workplaces, separately at each workplace where insurance holders work, starting from the day following the end of the due time for submitting the documents to the Institution until the end of the period for submitting the subsequent document.

(Amended seventh paragraph: 17/4/2008 - 5754/50th Art.) In case, as a result of actual examinations or examinations in workplace records by the Institution's officers authorized with inspection and control duties or of the investigations, inspections and examinations carried out by own control officers of public administrations or from the documents or information prepared by or received from public institutions and organizations and banks, the documents which are found to belong to working insurance holders and to be submitted to the Institution pursuant to this Law are not submitted or submitted incomplete within one month in spite of official communication, these documents shall be prepared by the Institution, *sua sponte*, and the contained insurance premiums shall be determined and officially communicated by the Institution to employers. The employer may submit an objection against the premium debt communicated pursuant to this Article, to the concerned Institution unit within one month following the date of official communication. Objection shall suspend the transaction. In case of refusal of objection, the employer may apply to competent labour court within one month following the date of official communication of the decision. Applying to the competent court shall not terminate the follow - up and collection of the premium debt. In case the court rules in favour of the Institution, then provisions of Article 88 and 89 on premium debts shall be applied.

(Appended paragraph: 17/4/2008 - 5754/50th Art.) For the insurance holders who are determined not to notify, or notify incompletely, the Institution about their services or earnings subject to premium, although they are found to be working not based on records and documents from actual examinations or examinations in workplace records by the Institution's officers authorized with inspection and control duties or from the investigations, inspections and examinations carried out by own control officers of public administrations, only the section, which belong to one year before the date on which highest number is determined, of their past services or earnings subject to premiums shall be taken into consideration.

If insurance holders, for whom monthly premium and service documents are not submitted by employer and who could not be determined to work by the Institution, can prove that they work, with a written judgment, by applying to labour court within five years from the end of the year of their services, then monthly earning totals and paid premium days stated in the court judgment of such individuals shall be taken into consideration.

(1)

With Article 50 of Law Number 5754 of 17/4/2008; the expression "by the end of twenty fifth day of the month following the month it belongs to" present in paragraph one of this Article is amended as "within one month until the end of the date to be determined by the Institution for the ones under item (c) of paragraph one of Article 4, and until the end of the date to be determined by the Institution in the month following the month it belongs to for other insurance holders" and is applied to the text

If the Institution finds out that in one or more works where insurance holders work, necessary monthly premium and service documents are not submitted by the institution or earnings or paid premium days in the submitted monthly premium and service documents are incomplete although the conditions stipulated in this Law are fulfilled, then necessary payments shall be made from sickness and maternity insurances.

Transactions for fulfilling the obligations in this Article shall be carried out pursuant to Article 102.

The Institution is authorized to determine different time periods for submitting premium documents based on the characteristics of workplace at public administrations. Procedures and principles on the implementation of this Article and the content and formant of the documents shall be regulated by the Regulation to be issued by the Institution.

Persons obliged to pay premiums

are persons obliged to pay premiums.

Payment of premiums

ARTICLE 88 - **(Amended: 17/4/2008 - 5754/52nd Art.)**

An employer who employs insurance holders stated in item (a) of paragraph one of Article 4 shall deduct the insurance holders' share of premium amounts, to be calculated pursuant to this Law, over the total of earnings subject to premiums of the employed insurance holders in one month, and shall pay this amount, by adding his/her own share of premium amounts, to the Institution, before the end of the day to be determined by the Institution.

Provisions in paragraph one shall be applicable to the premiums to be calculated over the earnings deserved but not paid.

For individuals deemed to be universal health insurance holders pursuant to items (b), (c), (d) and (g) of paragraph one of Article 60, it is obligatory to pay thirty full days of universal health insurance premiums each month. Such that, if the universal health insurance holders under item (b) of paragraph one of Article 60 has paid premium days under compulsory insurance in the same month, then universal health insurance premium equal to the number of optional insurance days shall be paid for the remaining days.

For individuals who are insurance holders under item (a) of paragraph one of Article 4 but work part time or on call pursuant to Articles 13 and 14 of Law Number 4857 and for insurance holders who work less than 30 days a month at household services pursuant to this Law, it is obligatory to complete the universal health insurance premiums of missing days to 30 days. Universal

health insurance premiums of such insurance holders related with their missing days shall be payable under number (1) of item (c) or under item (g) of paragraph one of Article 60. Universal health insurance premiums of insurance holders employed at workplaces owned by public administrations related with the months in which labour contract is suspended shall be payable by the concerned public administration, over 30 - day amount of the lower limit of daily earning subject to premium determined as per Article 82.

For individuals under item (c) of paragraph one of Article 60, the universal health insurance premiums payable by the persons obliged to pay premiums shall be calculated based on the total number of persons, to be found by adding the number of persons listed in numbers (3) and (10) of this same item to the number of persons to be found by dividing the total number of persons in numbers (1) and (2) by three as of the month in which the premium will be accrued. However, among such individuals, who are also universal health insurance holders under items other than item (c) of paragraph one of Article 60, shall not be included to the number of persons to be determined as per this paragraph.

Obligated persons in item (b) of paragraph one of Article 87 shall pay their premiums of each month to the Institution until the end of the day to be determined by the Institution in the following month. Such individuals may pay their premiums in advance, limited with maximum 360 days. In case of advance payment, for each day in advance payment discount provisions as per Article 1 of Law Number 6183 dated 21/7/1953 on Procedure for Collecting Public Claims. However, the prepayment discount shall not be deducted from earning subject to premium. Prepayment insurance term shall be included in the paid premium days, starting from the first day of each month the insurance premium belongs to. In case optional insurance ends within the period in which prepayment is made and which is not included in number of paid premium days, premiums of the days not included in insurance term shall be refunded to the concerned parties.

For insurance holders subject to number (4) of item (b) of paragraph one of Article 4, the Institution is authorized to determine the premium payment dates or periods, in a manner to collect universal health insurance premiums and short and long term insurance branches premiums separately or collectively.

Insurance holders under item (b) of paragraph one of Article 4 are obliged to pay premiums for thirty full days for each month.

An employer who employs insurance holders stated in item (c) of paragraph one of Article 4 shall deduct premium amounts to be calculated pursuant to this Law over the total of earnings subject to premiums of the employed insurance holders, and shall pay this amount, by adding his/her own share of premium amounts, to the Institution, before the end of the day to be determined by the Institution.

Liable parties listed in items (c) and (d) of paragraph one of Article 87 shall pay to the Institution the premiums of each month until the end of next month.

Premium amounts not actually paid to the Institution shall not be included in the expenses in income and corporate tax applications.

The Institution is authorized to collect the premium debts of individuals registered as insurance holders under number (4) of item (b) of paragraph one of Article 4, by applying deductions between rates of 1% and 5%, provided that the amount does not exceeds the debt from agricultural products they sell.

Premium debts may also be paid by deducting from value added tax return claims. In such a case, the right holder of value added tax return may request deduction for premium debts of themselves, of employers they purchased goods or services, or with whom they have a partnership or association relation. In case the premium debts before the month, in which such employers request deduction, are paid in deduction within fifteen days following the payment term stated in paragraph one, these shall be deemed to be made in due time. However, although a request is submitted for deducting premium debts from value added tax claims, for premium debts not deducted on time or deducted incompletely, default fine and default increment shall be applicable starting from the day following the payment terms stated in paragraph one. The Institution is authorized, upon positive opinion of the Ministry of Finance, to determine the employer who will benefit from this application, based on their area of activities, enterprise types, and enterprise sizes, and to extend, not longer than thirty days, the premium debt payment term of employers requesting deduction in favour.

The Institution is authorized to collect premiums and every kind of claims, by deducting from its debts towards employers.

The Institution is authorized to bring the obligation of paying premiums using special payment methods and to determine the collection organizations to which the premiums will be deposited.

For the collection of premiums and other claims of the Institution not paid in time, Articles of Law Number 6183 on Procedure for Collecting Public Claims other than Articles 51, 102 and 106. The Institution uses the authorities vested to Ministry of Finance and other public institutions and organizations and authorities in the execution of Law Number 6183.

The Institution is authorized to accept any kind of guarantee, including commercial enterprise over New Turkish Liras and/or foreign currency, movable and/or immovable property collateral, for guaranteeing any kind of claim, excluding the claims followed up under Law Number 6183.

The Institution's premiums and other claims followed up under Law Number 6183 bear the characteristic of public claim and are privileged. Indemnity and fines laid down in Execution and Bankruptcy Law Number 2004 shall not be applicable for the Institution in case any kind of lawsuit or execution prosecution, to which the Institution is a party, conclude against it.

Labour court at the location where the creditor of the Institution resides shall have authority in resolving disputes that may arise in the execution of Law Number 6183 on Procedure for Collecting Public Claims in collecting premiums and other claims of the Institution. Applying to the competent labour court shall not terminate the follow - up and collection of claims.

If the insurance premiums and other claims of the Institution are not paid in the terms laid down in this Law, then public servants of public administrations charged with duty on accrual and payment shall be responsible, collectively and jointly with the highest level managers or authorities and legal representatives, including the company board of director members of other employers having artificial personality, towards the Institution.

The Institution is authorized to determine that the payments are paid at different times due to the characteristic of the workplace at public administrations. Authorized personnel of the Institution who do not resort to legal execution within maximum one year following the date of maturity for the collection of premium claims shall be prosecuted pursuant to general provisions.

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Being successor of premium debts, default fine and default increment, and premiums which require refunding

ARTICLE 89 - (Amended first paragraph: 17/4/2008 - 5754/53rd Art.) If the workplace where the insurance holder works is transferred with all active and passive assets or is moved or joins in or merges with another workplace, then new employer shall be collectively and jointly responsible for the debts of former employer consisting of premiums and default fines and other derivatives towards the Institution. Contractual provisions contrary to this provision shall not be applicable for the Institution. The Institution is authorized to determine procedures and principles regarding execution of this paragraph.

If the Institution's premium and other claims are not paid in due time and fully, then the unpaid section shall be increased applying a default fine of 3% for each month in the first three months following the end of the payment term. In addition, default increment shall be calculated by applying, to the amounts found for each month, monthly average interest of domestic government bonds exported with discount in New Turkish Liras for the previous month to be declared by Undersecretariat of Treasury separately for each month, starting from the end date of the payment term until the debt is paid out. However, in the month where the payment is made, default increment shall be calculated daily. Council of Ministers is authorized to increase default fine rate applicable to the first three months by two folds or to decrease it down to 1%, to restore to the legal rate and to determine the date of application. Even if a lawsuit and execution prosecution is in progress, default fine and default increment for the unpaid section of premiums and other claims of the Institution shall be collected.

Premiums which are found to be collected wrongly or inappropriately shall be refunded to employers, insurance holders, optional insurance holders or universal health insurance holders or right holders, according to their shares, together with legal interest, unless a period of ten years has not passed since the date they are collected. Legal interest shall be calculated for the time from the month following the depositing date of the premium to the Institution to the beginning of the month of return. However, provision of Article 65 of Code of Obligations is preserved.

Pensions, incomes and benefits payable and health - care services provided pursuant to this Law shall be terminated in case the insurance holders, optional insurance holders, universal health insurance holders lose their conditions to benefit from pensions, incomes, benefits and health - care services due to refunding premiums. Wrong or inappropriate expenses shall be taken back from the concerned parties pursuant to provisions of Article 96.

Deduction of premium and administrative fine debts from progress payments, payment and seeking termination of connection document ⁽¹⁾

ARTICLE 90 - (Amended first paragraph: 17/4/2008 - 5754/54th Art.) Public administrations and organizations having revolving funds, organizations under Banking Code number 5411 and institutions and organizations established by law are obliged to notify the Institution about the contractors of any work they open to tender and their addresses within fifteen days.

(Amended second paragraph: 17/4/2008 - 5754/54th Art.) Progress payments of employers shall be paid, provided that they do not have any administrative fine, premium or premium - related debts to the Institution. Their performance bonds shall be returned after it is determined that they do not have any debts to the Institution related with the contracted work. Any kind of transfer, alienation and change of owner over any kind of claims, guarantees and progress payments of employers, excluding worker wages, related with public administrations and organizations with revolving funds, banks and institutions and organizations established by law shall be effective on the section remaining after the part covering the claims of Institution is removed.

(Amended third paragraph: 17/4/2008 - 5754/54th Art.) Procedures and principles for deduction and payment of progress payments and keeping guarantees as a collateral for premium and administrative fine debts shall be established by a regulation to be issued by Council of Ministers.

(Amended fourth paragraph: 17/4/2008 - 5754/54th Art.) It is obligatory to request from the concerned parties a document, which is issued by the Institution and states that the concerned parties do not have any debts to the Institution, because of construction made before temporary settlement or structure using permission is granted by offices of governors, municipalities, provincial special administrations and other authorities competent to issue licenses, and in transactions carried determined by Council of Ministers for other public administrations and organizations having revolving fund, institutions and organizations established by law and banks.

In cases where progress payment is paid, performance bond is returned or temporary settlement and structure using permission is issued or other transactions are carried out without fulfilling the obligations stipulated in this Article, administrative and penal transactions shall be applied to the concerned parties pursuant to the general provisions.

(Appended paragraph: 17/4/2008 - 5754/54th Art.) It is obligatory that before granting state aids, incentives and supports applied, except non - cash ones which have started previously and is ongoing, at research, development, production, investment, marketing and in all similar phases, provided with laws, decrees and other legislation in the manner of allocating resources from public based on special documents and permissions for certain regions or sectors or issued by public institutions and organizations excluding general regulations applied throughout the country and not based on a special permission or document, documents and information stating that the employer does not have any matured premiums or administrative fine debts or have divided into instalments or restructured the existing ones, should be requested. State aids, incentives and support payments made shall be taken back, together with sanctions under relevant legislation, from those whose agreement is annulled due to not fulfilling own liabilities regarding deferred and divided into instalments or restructured debts or, other than such reasons, who are later on found not to benefit from such aids, incentives and supports. Procedures and principles regarding execution of this paragraph shall be determined by the Institution receiving the options of Ministry of Finance and Undersecretariat of Treasury.

Submission time for documents in disaster cases and deferring premiums

ARTICLE 91 - Employers and insurance holders under item (b) of paragraph one of Article 4, whose workplaces suffer from disasters such as fire, flood, landslide, earthquake and whose agricultural activity is damaged due to natural disasters, if they request in three months from the date of incident and if it is found out in the examination that they are incapable of paying premiums, provided that they document their situation, then matured existing premium debts before the date of disaster and the premium debts of three months following the date of disaster may be deferred by the Institution, up to one year from the date of incident.

In cases stated in paragraph one, if the monthly premium and service documents which should be submitted in the month in which disaster took place are submitted to the Institution within three months following the month of the disaster, then these shall be deemed to be submitted in time.

The Institution is authorized to determine and postpone the due date of submitting documents they employers, insurance holders and right owners, who suffered direct or indirect damages at disaster areas due to disasters decided to affect general life pursuant to Law Number 7269 of 15/5/1959 on Aids to be Made and Measures to be Taken for Disasters Effecting General Life , are obliged to submit pursuant to this Law and the payment terms of premiums that need to be paid and other claims of the Institution, considering the conditions and developments at the disaster area, independent from the time periods in this Law.

Time limit shall not be applied to the postponed premium debt and default fine and default increment shall not be applied to the deferred section.

(1) *The title of this Article was "Seeking termination of connection document"; however it is amended by Article 54 of Law Number 5754 of 17/4/2008 as applied in the text.*

SECTION FIVE

Common and Miscellaneous Provisions

PART ONE

Common Provisions

Compulsory state and termination of insurance, and social security registration number

ARTICLE 92 - (Amended first paragraph: 17/4/2008 - 5754/55th Art.) For individuals under short and long term insurance it is compulsory to be insurance holders and universal health insurance holders and for individuals under universal health

insurance it is compulsory to be universal health insurance holders. Contractual provisions for removing, reducing, renouncing or transferring to a third party the insurance rights and obligations stipulated in this Law shall be invalid.

If premium debts and administrative fines are not paid upon notification to be made by the Institution to the employer for paying insurance premiums and administrative fines to be charged as per this Law, then documents stating the premium debt and administrative fine, prepared by the Institution, shall be effective as documents prepared duly by public offices.

Insurance status shall be terminated in case the conditions to be deemed to be insurance holder in accordance with this Law are not fulfilled or in case of death.

As for the social security registration number in registration and all other transactions for insurance holders, optional insurance holders, and their right holders, universal health insurance holders and their dependants, TR identity number shall be used for Turkish citizens and identity number to be issued by Ministry of Interior Affairs shall be used for foreigners. ⁽¹⁾

Time limit in transfer, alienation, sequestration and claims of Institution ⁽²⁾

ARTICLE 93 - (Amended first paragraph: 17/4/2008 - 5754/56th Art.) The incomes, pensions and benefits of insurance holders and their right holders and claims of health - care service providers from the Institution arising due to universal health insurance provisions may not be transferred or alienated pursuant to this Law. Incomes, pensions and benefits may be sequestrated except claims requiring follow - up and collection pursuant to Article 88 and alimony debts.

(Amended second paragraph: 17/4/2008 - 5754/56th Art.) Premiums and other claims of the Institution shall be subject to a time limit of ten years, starting from the beginning of calendar year following the date on which the payment term is matured. Time limit for premiums and other claims of the Institution shall be applied as ten years starting from the finalization date of court judgment if they arise due to court judgment; from the date of report if they are aroused from findings of Institution officers charged with inspection and control duties; from the date on which the results of investigations, inspections or examinations are received by the Institution if they arise as a result of investigations, inspections and examinations carried out by public administrations' own inspection personnel in accordance with their legislation; from the date of receipt of information and documents by the Institution, if they arise from information and documents received from banks, organizations having revolving funds, public administrations and institutions and organizations established by law. Default fine and default increment to be calculated as per Article 89 for such claims shall be applied starting from the day following the final day of the payment term stipulated in Article 88.

Compensation and revoking lawsuits to be brought by the Institution based on this Law shall be subject to a time limit of ten years. Time limit shall start from the approval date of the Institution for income and pensions subject to revoking and from the date of expense or payment for expenses and payments.

Payments made after the time limit period shall be accepted. However, the period during which insurance holders subject to item (b) of paragraph one of Article 4 do not pay premiums due to time limit shall not be included in the insurance term and the insurance rights and obligations for this period shall be cancelled.

Control examination

ARTICLE 94 - Limited with the scope of the investigation carried out, the Institution may request control examination and analyses in order to determine that;

- a) whether universal health insurance holder or their dependants, who receive health - care services, have really received the said health - care services,
- b) whether the insurance holder, optional insurance holder, or their right holders really have the problems stated in invalidity, incapacity reports.

Insurance holders who are put on invalidity, duty disability pension or permanent incapacity income, may request changes in their pensions or incomes, setting forth that there is an increase in their disabilities or that they are in need of care of another person, whereas the Institution may request that the insurance holders who are put on disabled veteran, duty disability, invalidity pension or permanent incapacity income, and disabled children who have lost minimum 60% of their working power and are put on pension and income, are held subject to control examination. ⁽³⁾

(1) *With Article 4 of Law Number 5754 dated 17/55/2008 the expression "social security registry to be issued by the Institution" present in this paragraph is amended as "identity issued by the Ministry of Interior Affairs" and is applied to the text.*

(2) *The title of this Article was "Time limit in transfers, alienations and claims of the Institution"; however it is amended by Article 56 of Law Number 5754 of 17/4/2008 as applied in the text.*

(3) *With Article 65 of Law Number 5754 dated 17/4/2008; the expression "excluding disabled veterans and individuals disabled of duty" present in this paragraph is amended as "disabled veterans, duty disability"; and with Article 66 of the same Law, the expression "duty disability" is appended following the term "invalidity" and the amendments are applied to the text.*

Depending on the invalidity status to be re - determined in the control examination carried out by the Institution or the examination carried out upon request of the insurance holder or at the end of work orientation, the invalidity pension or permanent incapacity income shall be increased, decreased or terminated starting from the beginning of the payment term following the date of report on which the new invalidity status is based.

Income and pension granted to disabled children, who have lost minimum 60% of their working power, shall be terminated starting from the beginning of the payment term following the report date, depending on their invalidity status to be determined by the control examination.

Invalidity pension and permanent incapacity income of insurance holders who do not have the control examination although they do not have an acceptable handicap from the date stated in written notification of the Institution until the beginning of the next payment term, and the income or pension granted to disabled children who have lost minimum 60% of their working power, shall be terminated at the beginning of the payment term following the date stated for control examination.

However, the terminated income or pension of an insurance holder or disabled children, who have had control examination within three months from the date stated in written notification of the Institution and whose invalidity or permanent incapacity status continues, shall be granted again starting from the date it is terminated.

Invalidity pension or income to be re - calculated based on new permanent incapacity degree of an insurance holder, who have had control examination within three months from the date stated in written notification of the Institution and whose invalidity or permanent incapacity status found to persist, and income and pension of disabled children who are receiving income and pension and who are incapable of working, shall be started to be paid again from the beginning of the month following the date of report.

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued by the Institution.

Determining procedures and principles of medical reports

ARTICLE 95 - Pursuant to this Law, the Institution is authorized to determine the procedures and principles for transfers to be made for abroad treatment, for reports on granting working power loss, temporary incapacity benefits, and for health committee reports which will be the basis for loss of earning in profession or of working power due to work accident or occupational disease, to determine the criteria that should be fulfilled by the health - care service providers authorized to issue such reports, and to return the inappropriate health committee reports and their basis medical documents to the issuing health - care service provider and to request it re - arranged to include determined information.

In the case of objecting to health committee reports prepared duly on transfers for abroad treatment, on duty disability degree, on loss of earning power in profession or on degrees of loss of earning power in profession, found as a result of work accident or occupational disease, and to decisions reached by the Institution based on other documents, the issue shall be decided on by the Social Insurance Health High Committee, by examining the duly prepared health committee report and its basis medical documents, and other required documents. ⁽¹⁾

Procedures and principles on the implementation of this Article shall be regulated by the Regulation to be issued jointly by the Institution and the Ministry of Health.

Recalling inappropriate payments

ARTICLE 96 - Any kind of payment under this Law, which is determined to be made in excess or inappropriately by the Institution to employers, insurance holders, optional insurance holders, individuals receiving income or pension, and to their right holders, universal health insurance holders and their dependants, together with legal interest to be calculated starting from;

a) the dates of such payments, for the payments made within the past ten years from the date of finding erroneous transaction, if it arose from intentional or faulty action,

b) without interest for payments to be made within three months following the notification of the concerned party about the total of payments made in the past maximum five - year period from the date on which the erroneous transaction is found, and

for payments to be made after the end of three months, starting from the end of this period, if this is caused due to an erroneous transaction of the Institution,

shall be deducted from the credits, if any, of the concerned parties from the Institution or shall be recalled pursuant to general provisions.

Deducting inappropriate payments from claims shall be carried out on the principal of debts, starting from the oldest one, and legal interest shall be applicable to the remaining debt. This provision shall be applicable in deducting inappropriate payments made to another right holder from the same file, provided that concerned right holders consent.

In deducting inappropriate payments from incomes and pensions, the debt amount calculated with the legal interest as of the beginning of payment term in which deduction will take place shall be applied by deducting at 25% from said incomes or pensions.

Procedures and principles regarding the execution of this Article and determining and taking back inappropriate payments shall be regulated by the regulations to be issued by the Institution.

(1) *With Article 66 of Law Number 5754 dated 17/34/2008, the expression "degree of duty disability" is added after the expression "transfers to be made" in this paragraph and is applied to the text.*

Time limit, loss of right and advance payment

ARTICLE 97 - Unless otherwise stated in the provisions of this Law, of the incomes and pensions which should be granted in cases of work accident, occupational disease, duty disability and survivors, the section which is not requested within five years following the granting date of the right shall be barred by the statute of limitations. **(Abrogated final sentence: 17/4/2008 - 5754/57th Art.)** ⁽¹⁾

The above provisions shall not be applicable for the individuals who prove, pursuant to general provisions, that not applying to the Institution is based on justified grounds.

Other rights vested by the short term insurance branches and by survivors insurance shall be lost in five years following the granting date of the right.

CHAPTER TWO **Provisional and Final Clauses**

Certain provisional clauses concerning invalidity, age and survivors insurance

PROVISIONAL ARTICLE 1 - (Amendment: 17/4/2008 - 5754/68 art.)

Individuals who were subject to Social Security Act number 506 and Agricultural Workers Social Insurance Act before the effective date of this Act are considered in the scope of sub clause (a) of first clause of article 4 of this Act; Act 1479 on Social Security of Craftsmen and Artisans and Others who Work Independently, and abrogated by this Act, those who are subject to Act 2926 on Individuals who Work on their Own Behalf and Own Account in Agriculture are considered in the scope of sub clause (b) of first clause of article 4 of this Act; individuals who are subject to Act 5434 on Republic of Turkey Retirement Fund are considered in the scope of sub clause (c) of first clause of article 4 of this Act.

Pensions, income and other allocations assigned or entitled in accord with Act 506, dated 17/7/1964, Act 1479, dated 2/9/1971 and Act 1479, dated 17/10/1983 and Act 2925, abrogated by this Act, Act 2926, dated 17/10/1983; and supplementary payment paid in accord with article 1 of Act 5454, dated 8/2/2006 continue to be paid. Clauses of this Act and the abrogated act that has become ineffective are implemented in the increase, decrease, cut off or reassignment of these incomes and allocations due to status change.

As of the effective date of this Act, social welfare increase and restitution allocation amounts that are paid upon Act 506, dated 17/7/1964 and Act 1479, dated 2/9/1971 are paid as supplements to incomes and allocations of concerned people, based on amounts that were paid on the effective date of this Act. Shares of title holders in income and allocations are taken as a base as such the entirety of it will be distributed in the supplement of social welfare increase.

Allocations and incomes assigned to individuals who are considered to be insured upon sub clauses (a) and (b) of the first clause of article 4 of this Act and to their survivors are increased in accord with the second clause of article 55. Insurance term, actual service period and number of premium payment days mentioned in the scope of Acts 506, 1479, 2925, 2926 and 5434 are taken into consideration in insurance term required for universal health insurance application and number of premium payment days.

Estimation of allocations to be assigned to works which are subject to social security acts, which were in effect prior to this Act

PROVISIONAL ARTICLE 2 – (Amendment: 17/4/2008 - 5754/68 art.)

Old age pension to be assigned to individuals who are subject to Act 506, dated 17/7/1964, Act 1479, dated 2/9/1971, Act 2925, dated 17/10/1983, and abrogated by this Act, Act 2926, dated 17/10/1983 before the effective date of this Act are estimated as follows:

a) Pension of insurance holder based on premium payment days until the effective date of this Act or pension belonging to actual service period is estimated in accord with clauses of acts that were effective before this Act has taken effect, number of total premium payment days or actual service period; proportion of pension that is to be estimated as of the effective date of this Act or actual service period is estimated by multiplying update coefficient of each year for each year that passes until the pension claim date.

b) Pension of insurance holder belonging to premium payment days in periods after the effective date of this Act that is to be estimated based on total premium payment days in pension claim date in accord with article 29 clauses is as much as the part in proportion to the number of premium payment days after the effective date of this Act. However, in ratio estimation of old - age assistance assignment of insurance holders who have not completed 3,600 premium days before the effective date of this Act, for each 360 days of service periods completing premium day numbers to 3,600 days before the effective date of the Act and passing after the effective date of the Act, 3% ratio is taken as the basis.

c) Pension is made of partial pensions that are estimated in accord with sub clause (a) and (b). Pensions are also determined by increasing them in accord with the last clause of article 29.

As of the effective date of this Act, principal criterion based on partial pension that are to be estimated within the criteria system according to Act 506, dated 17/7/1964, provisional article 82 is determined based on the criterion, to be prepared based on the number of calendar years in average annual income of the insurance holder, and on upper criteria setting tables.

Amount of minimum pension that is taken as the basis in pension calculation pertaining to pension for periods elapsing until the effective date of this Act and previous total monthly amount, determined according to Act 506, dated 17/7/1964, provisional article 82, the second clause is based on the amount corresponding to the ratio of the number of premium payment days that elapse until the effective date of this Act within the total premium payment days.

Pensions of individuals who make foreign service debt are estimated in accord with the clauses specified above.
